Regional or local agency/office

I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Framework agreement – playground equipment

Reference number: 2022/2717

II.1.2. Main CPV code

37535200 Playground equipment

II.1.3. Type of contract

Supplies

II.1.4. Short description

The contracting authority intends to enter into a 2-year framework agreement with an option for 1 + 1 year, for the purchase and delivery of playground equipment.

The contract will be used to purchase goods both with and without associated services.

Through this agreement, the contracting authority wants to ensure access to robust products with a long durability and lifespan.

Tenderers must provide assembly of and foundations for the equipment upon request, but the Contracting Authority reserves the right to do this on its own.

Consultancy and solution proposals for projects are covered by the agreement.

Construction services such as excavation, foundations and facilitation may be relevant in some projects, and these services will mainly be performed by the contracting authority's own framework contractor for construction services or in-house, but the contractor must also be able to provide such services.

II.1.5. Estimated total value

Value excluding VAT: 21 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: NO0A1 Rogaland

II.2.4. Description of the procurement

A list of the municipalities' playgrounds, nurseries and schools is attached, cf. annex 3. The municipalities reserve the right to hold separate competitions for each project for playground equipment for municipal playgrounds that is for more than NOK 100,000 excluding VAT.

The municipalities have different needs for playground equipment procurements. Annex 2 - Price and Product Sheet for Playground Equipment, shows the estimated/expected need from the municipalities per annum.

If a tenderer cannot deliver products in addition to those in annex 2 - Price and Product Sheet for Playground Equipment, the municipalities will be free to procure products from other suppliers.

The contracting authority mainly needs to supplement and upgrade municipal playgrounds in both schools/nurseries and other municipal playgrounds such as sand playgrounds and neighbourhood playgrounds. There will be playgrounds that require full upgrades, additional equipment and replacement of equipment. The construction of completely new playgrounds can also be covered by the agreement.

The contracting authority reserves the right to install playground equipment and build sandboxes in-house, but the contractor must also be able to do so upon request.

Strand and Hjelmeland municipalities reserve the right to order benches and seating from local labour market companies.

Hå municipality stores and certifies swings and sandpits itself. In addition, some playground apparatuses, e.g., play huts and buses, are ordered from a youth workshop in Hå Municipality. Hå municipality will not order seat groups through the contract.

It may be necessary to order assembly of and foundations for the equipment. The hourly rate for assembly and foundations is therefore included as an option and must be priced in Annex 2 - Price and Product Form and is part of the evaluation basis.

II.2.5. Award criteria

Criteria below

Quality criterion - Name: Activity offer/Functionality/Quality / Weighting: 30

Quality criterion - Name: Environment and sustainability / Weighting: 30

Price - Weighting: 40

II.2.6. Estimated value

Value excluding VAT: 21 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 15/08/2023 End: 14/08/2025

This contract is subject to renewal: no
