2. Procedure

2.1. Procedure

Title: Framework agreement - Fuel and fuel oil in bulk.

Description: The contracting authority would like to receive tenders for continuous deliveries of fuel and fuel oil in bulk to fixed and mobile tank installations, not procurements at pump stations. The relevant products are: Site diesel Bio-fuel oil B100 Renewable diesel HVO for facilities Buying other products to a smaller extent may be relevant in special cases. See Annex 03 - Product and Price Form for further details on the products.

Procedure identifier: e0679286-9d87-4157-a28c-e68025e071bf

Internal identifier: 2026009194

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: Kristiansand municipality has a relatively large machinery, as well as heating installations installed in a number of properties across the municipality. The need for fuel and fuel oil in recent years has been stable and is expected to remain stable in the future as well. The stated volume estimates for the evaluation are based on the consumption in 2025. The estimate is only meant to give tenderers a guideline of the extent and this may deviate during the contract period. The contracting authority is therefore not bound by the estimate.
