#### **II.2.4. Description of the procurement**

The Church of Norway will be a learning organisation, and we are working on a competence and learning strategy for the entire religious community. The procurement of a learning platform will be one of several elements that see to the needs for training and learning in the organisation - different learning arenas give room for different ways of learning and different situations to learn in. A learning platform will contribute to gathering different courses in one place and maintaining an overview over who has completed which courses, as well as ensure more systematic and predictable training and competence development. The learning platform will make the church's courses more available and facilitate new methods for training that are adapted to needs, with the goal of strengthening and raising competence across the Church of Norway.

The Church of Norway would like to enter a SaaS agreement with a tenderer for e-learning services 'Learning Management System'. The e-learning programme will be used for training, courses, and competence sharing amongst employees in the Church of Norway.

The procurement includes the establishment and hire of the SaaS system for e-learning. The contract also includes training in the system in question.

A detailed description of the delivery is in Appendix 1 of the contract.
