Precise information on deadline(s) for review procedures: CPD will incorporate a standstill period at the point information on the award of the contract is communicated to tenderers. That notification will provide full information on the award decision. The standstill period which will be for a minimum of 10 calendar days provides time for unsuccessful tenderers to challenge the award decision before the contract is entered into. The Public Contracts Regulations 2015 provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must generally be brought within 3 months. If a declaration of ineffectiveness is sought any such action must be brought within 30 days where the Authority has communicated the award

of the contract and a summary of reasons to tenderers or otherwise within 6 months of the contract being entered into. Where a contract has not been entered into the court may order the setting aside of the award decision or order the Authority to amend any document and may award damages. If the contract has been entered into the Court may depending on the circumstances award damages, make a declaration of ineffectiveness, order the Authority to pay a fine and/or order that the duration of the contract be shortened. The purpose of the standstill period referred to above is to allow the parties to apply to the Courts to set aside the award decision before the contract is entered into.
