II.1.4. Short description

Sauherad municipality shall construct a new primary and comprehensive school and a school for culture and arts at Gvarv.

The school shall be built as a 2-parallel 1st to 10th year school with a capacity of a total of 450 students.

The current building for the 5th to 10th year classes must be demolished and preplaced with a new building. The new building is planned to be connected to the 1st to 4th year building. The 5th to 10th school building must not be demolished before the new building is in operation.

The building for the 1st to 4th year classes, minor reconstruction as well as connection to the new building are planned. The demolition must be carried out after the new building is completed.

The works must be organised in such a manner that the school can operate safely while the construction works are being executed. In regard to progress the works must be executed in stages:

Stage 1: preparatory works establish access and demarcation of the area. Establish transformers, including ditches with pipes. Demolition of car sheds and relocation of the rock container;

Stage 2: new building;

Stage 3: 1st to 4th year school building;

Stage 4: demolition of the 5th to 10th year school building + outdoor areas.
