I.2. Type of the contracting authority

Regional or local authority

I.3. Main activity

Other: development

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting authority

Kilemoen water treatment facility — E41 Electro technical installations.

II.1.2. Type of contract and place of performance or delivery

Works

Design and execution

Main site or place of performance: Vestre Ådal 15, 3516, Hønefoss.

NUTS code NO032 Buskerud

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

Ringerike municipality invites tenderers to submit tenders for work for the project: Kilemoen water treatment plant.

Hønefoss has its water supply from ground water wells at Begna, via Kilemoen, where there currently is an elevated basin with equipment for airing and possibly adding chlorine to the drinking water. The facility at Kilemoen shall be extended with a new process plant as the manganese content has increased, so that the manganese can be removed from the drinking water. New UV installations shall be installed as a part of the process plant and a new clean water basin shall be constructed in addition to the existing 1. The project will be carried out with 6 joint contracts. This competition is for E41 Electro technical installations. NS8405 with some changes will be used as the general contract terms.

The procurement consists of the following:

- Main feed pillar with intake and distributions;
- Aggregate for back-up power supply, 250kW;
- General electrical installations in buildings, with lighting, power sockets, etc;
- Installer work for HVAC, for all equipment in HVAC rooms;
- The electrical installations in the existing buildings are 230V. The new installations will have their own 400V transformer. The existing installations shall be changed to 400V with a separate outlet from the new feed pillar;
- Fire alarm system.

The Contracting Authority uses Merzell Sourcing Service. To express your interest and gain access to any documents, please click on the link below or copy and paste the link into your browser: (<http://permalink.merzell.com/60688686.aspx>). Then follow the instructions on the website.
