II.2.4. Description of the procurement

Services in scope

- software development;
- governance, and ad-hoc services;
- transformation services.

Out of scope: in general, the Growth Company will provide the infrastructure to deliver these services under the guidance of the Contractor.

The Growth Company want to receive high-quality, fit for purpose, good value for money services.

The Growth Company want to build a successful partnership with the Contractor for the implementation of the framework

The Growth Company's IT services landscape is a multi-party multi-vendor environment with integration of many different technical components. Occasionally, The Growth Company will require the Contractor to take the overall lead in coordinating the end-to-end delivery of services and solutions, which require contribution from third party contractors and consist of different components not under the direct responsibility of the contractor.

On such occasions it is essential that the contractor is willing to act as The Growth Company's single point of contact and take care of the communications and collaborations with the other teams, 'behind the scenes', without reliance on The Growth Company.
