It sits in the targeted provision for children and young people.

The objectives for the service are to:

4. Support schools to implement a whole school approach to emotional well-being with reference to national guidance for this;
5. Participate when required in multi-disciplinary meetings for specific children and young people to support emotional well-being and mental health;
6. Offer time limited support and interventions to children and young people, which can be delivered through 1:1 work and group work and when required be supported by digital applications;
7. Ensure protocols for referral, early intervention and support are clearly defined, agreed and followed between all agencies including primary care. This would include referral routes to specialist mental health service when appropriate;
