II.2.4. Description of the procurement

The Institute of meteorology and water management – National research institute now invite eligible consulting firms (“Consultants”) to indicate their interest in providing the services. Interested consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the services.

The said services include, in particular:

- Review telemetric system and provide recommendations on modernization,
- Review hydrological and meteorological monitoring network and prepare tender documents to address identified gaps,
- Review and prepare tender documents for coastal flood monitoring network,
- Review and prepare tender documents for Polish Weather Radar (POLRAD) modernization and the lightning detection network (PERUN) modernization.

Technical supervision of the suppliers that are mobilized during supply, installation, testing, and integration with existing and newly created Polish Hydrological and Meteorological service systems, implementation and achieving operational acceptance.

Technical assistance at the stage of designing the systems and the civil works (verification, recommendations, opinions), including any reviews, surveys, analyses, obtaining any necessary opinions, approvals from utility companies, and administrative permits such as construction permits and use permits.

Development of plan and tender documentation for modernization of the Central measurement laboratory IMGW-PIB.

A consultant will be selected in accordance with the Quality and Cost-based selection (QCBS) method set out in the World Bank’s consultant guidelines.

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

The notice has been published on the World Bank web site

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

The attention of interested Consultants is drawn to paragraph 1.9 of the World Bank's Guidelines: Selection and employment of consultants under IBRD Loans and IDA credits and grants by World Bank Borrowers, January 2011, revised July 2014 ("Consultant Guidelines"), setting forth the World Bank's policy on conflict of interest.

Consultants may associate to enhance their qualifications. The "association" may take the form of a Joint venture or a sub consultancy. In case of a Joint venture (JV), all members of the JV will be evaluated jointly for the purpose of short listing and shall be jointly and severally liable for the assignment and shall sign the contract in case of award is made to that JV group. In the expressions of interest, the consultants shall provide information separately showing the experience and qualifications of all the partners in the Joint ventures.

Interested consultants should clearly indicate the structure of their "association" and the duties of the partners and sub consultants in their application. Unclear expression of interests in terms of "in association with" and/or "in affiliation with" and etc. may not be considered for short listing. Keeping one expression of interest per firm as principle, a consultant firm may decide whether it wishes to participate as a sub consultant or as an individual consultant or as a partner in a joint venture. Please note that a firm shall submit only one EOI in the same selection process either individually as a consultant or as a partner in a joint venture. No firm can be a sub consultant while submitting an EOI individually or as a partner of a joint venture

in the same selection process. A firm, if acting in the capacity of sub consultant in any consultant or JV, may participate in more than one consultant, but only in the capacity of a sub consultant.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

- Experience in designing transmission and telemetric systems in connection with hydrological and meteorological monitoring and crisis management,
- Experience in the technical assistance, management and coordination of at least one national hydrological and meteorological service,
- Experience directly relevant to designing, and implementation of meteorological, hydrological and sea-side telemetric systems,
- Experience in the technical assistance, management and coordination of at least one weather radar and lightning detection systems installed.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

The shortlisted consultants will be invited for delivering proposals to provide consulting services "Technical assistance to support IMGW-PIB Modernization of the hydrological and meteorological monitoring systems"

Section IV: Procedure
