Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Other particular conditions to which the performance of the contract is subject, in particular with regard to security of supply and security of information

Tenderers must keep documentation for this contract that is security graded for restricted/Nato restricted. The tenderer will therefore be obliged to enter into a security contract with the Norwegian Defence before signing this service and maintenance contract.

When carrying out the service and maintenance work, the tenderer must provide personnel who are security cleared for SECRET and Nato Secret, in accordance with chapter 6 in the Preventive Security Services Act (the Security Act).

III.1.5. Information about security clearance

Candidates which do not yet hold security clearance may obtain such clearance until:
30.9.2021

III.2. Conditions for participation

III.2.1. Personal situation

Criteria regarding the personal situation of economic operators (that may lead to their exclusion) including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Requirements concerning the tenderer's registration, authorisation, etc.

Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established. Documentation requirement: Norwegian tenderers: Company registration certificate. Foreign tenderers: Verification that the tenderer is registered in a company register, professional register or a trade register in the country where the tenderer is established.

III.2.2. Economic and financial ability

Criteria regarding the economic and financial standing of economic operators (that may lead to their exclusion)

List and brief description of conditions: Requirements concerning the tenderer's economic and financial capacity.

Tenderers must have sufficient economic and financial capacity to implement the delivery, including satisfactory profit ratio, liquidity ratio and equity ratio. Documentation requirement: Credit rating from a certified credit rating agency, based on the last accounting data. The rating must not be older than 3 months.

III.2.3. Technical and/or professional capacity

Criteria regarding the technical and/or professional ability of economic operators (that may lead to their exclusion)

List and brief description of conditions:

Capacity

Tenderers must have sufficient capacity to complete the delivery. Documentation requirement: A description must be given of the tenderer's technical personnel or technical entities at the

tenderer's disposal to fulfil the contract.

Competence

Tenderers must have sufficient competence to implement the delivery. Documentation requirement: A description of the education and professional qualifications of the personnel that the tenderer has at his disposal for implementation of the contract. See annexes 6 and 7 for the delivery requirements. Competence is required within these professions: Engineer, hydraulics technician, installer, documentation work. CVs are not requested here.

Criteria regarding the technical and/or professional ability of subcontractors (that may lead to their rejection)

List and brief description of conditions:

Quality assurance

Tenderers must have a good and well functioning quality assurance system. Documentation Requirement: A description of the tenderer's quality assurance methods. If the tenderer is certified in accordance with ISO 9001 or equivalent standards, it is sufficient to present a copy of a valid certificate.

Environment

Tenderers must have a good environmental management system. Documentation requirement: A description of the environmental management measures that have been implemented in the company. If a tenderer is certified in accordance with ISO 14001 or equivalent standards, it is sufficient to present a copy of a valid certificate.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Negotiated

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated yes

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction has been used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

2021011612

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

IV.3.4. Time limit for receipt of tenders or requests to participate

9.7.2021 - 23:59

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

13.7.2021

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other Norwegian
