I.5. Main activity

Health

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Wide-field Pediatric Ophthalmic Imaging and Angiography System

Reference number: HUS 347-2021

II.1.2. Main CPV code

33100000 Medical equipments

II.1.3. Type of contract

Supplies

II.1.4. Short description

Contracting authority i.e. Joint Authority of the Helsinki and Uusimaa Hospital District (hereinafter referred to as 'HUS') is requesting tenderers to submit a tender in accordance with this call for tenders and annexes thereto of a Wide-field Pediatric Ophthalmic Imaging and Angiography System especially suitable for detecting premature newborns and patients in prone position under general anesthesia. In addition to the system, the object of the procurement includes lamps.

The object of the procurement includes also the following additional procurement options:

- HUS has an option of purchasing one (1) additional system with the same features. HUS decides on the exercise of the option with a separate decision,
- HUS has the ability to conclude a maintenance contract after the warranty period of the system. HUS decides on the exercise of the option with a separate decision.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: FI1 Manner-Suomi

II.2.4. Description of the procurement

The object of the procurement is one (1) digital wide-field imaging and angiography system suitable for especially wide-field imaging of the fundus of the premature newborns and patients in prone position under general anesthesia. System will be used mainly in the surgical departments of the Pediatric Unit of the Eye and Ear Hospital, New Children's Hospital and Women's Hospital.

Wide-field photographs and fluorescein angiography (FAG) are essential in the diagnosis, treatment planning and disease monitoring of retinal diseases of the premature newborns, retinoblastoma and other retinal diseases occurring in children.

In addition to the system, the object of procurement consists of the device consumables (lamps) for which an indefinite contract will be signed with the selected supplier. The contract is intended to cover the entire life cycle of the system.

The object of the procurement and all the requirements are described in detail in the Call for tenders and annexes thereto.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 15/10/2021

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

HUS has the right to procure one (1) additional wide-field pediatric ophthalmic imaging and angiography system with the same features during 2021-2022. HUS decides on the exercise of the option with a separate decision.

HUS has the right to conclude a maintenance contract after the warranty period of the system from the selected supplier. Parties will sign a contract in accordance with the contract terms defined in the Annex 8 (Maintenance agreement draft). HUS decides on the exercise of the option with a separate decision.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information
