

Norway-Trondheim: Core drilling
OJ S 157/2015 15/08/2015
Contract notice
Services

Directive 2004/18/EC

Section I: Contracting authority

I.1. Name and addresses

Official name: The Geological Survey of Norway (NGU)

National registration number: 970 188 290

Postal address: Postboks 6315 Sluppen

Town: Trondheim

Postal code: 7491

Country: Norway

Contact person: Continental Shelf

For the attention of: Odleiv Olesen

E-mail: ngu@ngu.no

Telephone: +47 73904000

Fax: +47 73921620

Internet address(es):

General address of the contracting authority: <http://www.ngu.no>

Address of the buyer profile: <https://kgv.doffin.no/ctm/Supplier/CompanyInformation/Index/1709>

Electronic access to information: <https://kgv.doffin.no/ctm/Supplier/Documents/Folder/134895>

Additional information can be obtained from:

the abovementioned address

Specifications and additional documents (including documents for competitive dialogue and a dynamic purchasing system) can be obtained from:

the abovementioned address

Tenders or requests to participate must be submitted: the abovementioned address

I.2. Type of the contracting authority

National or federal agency/office

I.3. Main activity

Other: geological and environmental surveys

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting authority

COOP3- Core drilling of one borehole at Veidholmen.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 27: Other services

Main site or place of performance: Trondheim.
NUTS code NO062 Nord-Trøndelag

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

The Geological Survey of Norway (NGU) wishes to acquire more knowledge about the heat development in Norwegian crystalline rocks and its effect on heat flow and temperature in sedimentary basins on the Norwegian continental shelf. We also wish to assess the potential for deep geothermal energy. To achieve this NGU plans to drill 1 (one) vertical hole to a depth of 800 m at Veidholmen north of Smøla island in Møre og Romsdal County and hereby invites qualified companies to submit bids on this assignment.

1. Information on the drilling location

Drilling site is at Innveien located at one kilometer from Veidholmen in Møre and Romsdal. Drilling coordinates are UTM 448535 -7043010 north west, zone 32, EU datum 89. The drilling site is a former quarry along County Road 669, easily accessible for drilling equipment. There is access to water from small lakes nearby. The rock consists of both massive and foliated quartz diorite (gneiss).

2. Technical description of the work:

- Only ONE vertical borehole will be accepted. Minimum drilling diameter is 76 mm.
- Core drilling will go down to a depth of 800 meters (optional down to 1 000 m preferred). If during the drilling the contractor meets technical or geological problems, NGU shall be immediately contacted to discuss and decide whether to continue/case the hole or stop drilling.
- The casing in sediments over bedrock is required.
- The borehole must be cleaned and left clean after drilling. Extra flushing is required at the end of the boring.
- A meter per meter drilling report containing all drilling information about drilling speed, registration of cracks (fractures), inflows of water from cracks and other drilling information etc., is required at the end of the assignment.
- Drill cores should be sampled continuously and conserved in appropriate and marked (core interval, top/bottom) core boxes.
- The borehole must be secured with a lockable cap.

3. Evaluation of Bids:

The Geological Survey of Norway will evaluate and compare only the Price quoted of those Bids found to be substantially responsive. Detailed evaluation shall be conducted on the basis of:

- Quoted price (50 %)
- Bidder's experience, competence, reliability and technical ability to perform the contract (25 %)
- References for similar projects (25 %)

The evaluation shall take into consideration any discounts offered by Bidders.

4. The bid shall be submitted in the following format:

- Original Bid on paper, dated and signed, in a sealed envelope and clearly marked " BID: COOP3 CORE DRILLING PROJECT "
- One copy in PDF format on CD or memory stick
- One censored copy in PDF format on CD or memory stick

Bidders shall prepare an (original) bid and submit it in a sealed envelope. The envelope should then be placed in neutral envelope and sealed. The neutral sealed envelope should be

marked: 'Bid for COOP3 CORE DRILLING PROJECT' and delivered within 4.11.2015 at:

Geological Survey of Norway (at the reception)

Leiv Eiriksson road 39, Lade, Trondheim, Norway

Bids may optionally be sent by regular mail to: NGU, PO Box 6315 sloop, 7491 Trondheim.

The Bidder may have the risk that the bid does not reach NGUs premises in Leiv Eirik Route 39, within the deadline.

Electronic Invoice (E-invoice):

NGU requires that the suppliers of goods and services have the capacity to send their invoices and credit notes electronically in accordance with the standard 'Electronic Trade Format' (Elektronisk handelsformat-EHF).

Valid tax certificate and HSE declaration shall accompany the tender.

NGU reserves the right to reject the entire, parts of the bid or to enter into negotiation with a selection of the most relevant suppliers. NGU reserve the right to go ahead with new request for bids depending on the size of received quotations, quantity and available budget.

NGU uses the regulation 'General purchasing terms for government purchases of merchandise (AIS 89).

Questions about the task directed to:

Odleiv Olesen (technical issues), Tel. +47 73904456 Mobile +47 99071743, Email: odleiv.olesen@ngu.no or Cyprien Habimana (other issues), Tel. +47 73904210, Email: cyprien.habimana@ngu.no

Bidders are encouraged to submit a censored version of the bid that may be forwarded to other bidders (on request) without damaging any sensitive business information.

Bidding documents are in English. Interested parties are expected to be able to read instruction and specifications. Insufficient or erroneous bid is the bidder's own responsibility and it will be rejected.

II.1.6. CPV code(s)

76340000 Core drilling

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

1 (one) borehole.

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: — Taxes Certificate;

— HES Statement;

— Company Registration.

III.2.2. Economic and financial ability

List and brief description of conditions: — Delivery Capability and Capacity;

— The main similar assignments in the last 3 years.

III.2.3. Technical and professional ability

List and brief description of conditions:

(i) Drilling Operator Certificate.

(ii) Ownership of equipment.

(iii) Type of equipment (description).

(iv) Business information (brochures).

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Negotiated

Some candidates have already been selected (if appropriate under certain types of negotiated procedures) no

IV.1.2. Information about the limits on the number of candidates to be invited

Envisaged minimum number 2: and Maximum number 3

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated no

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

15/00364

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

25.9.2015 - 15:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

English.

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

IV.3.8. Conditions for opening of tenders

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

VI.3. Additional information

Bidding documents are in English.

VI.4. Procedures for review

VI.4.1. Review body

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

12.8.2015
