Supplies

Purchase

NUTS code NO071 Nordland

II.1.3. Information about framework agreement

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

The Brønnøysund Registers would like to replace the current perimeter security system with a new system that is able to provide perimeter security and also secure further defined internal zones with traffic crossing between different internal networks, existing and planned future networks. End-to-end management of security across this system and existing network infrastructure consisting of F5 BigIP, Cisco ACI, Cisco DNA, and Redhat Advanced Cluster Security (ACS) for OpenShift must be possible.

The contract includes:

- hardware, software and services that fulfil the described needs and requirements
- support for the Brønnøysund Registers in connection with installation and configuration of the system
- maintenance services including 24/7 support
- advice and consultancy assistance when needed

II.1.6. CPV code(s)

48200000 Networking, Internet and intranet software package, 72000000 IT services: consulting, software development, Internet and support

II.1.7. Information about subcontracting

The tenderer has to indicate in the tender any share of the contract it may intend to subcontract to third parties and any proposed subcontractor, as well as the subject-matter of the subcontracts for which they are proposed

The tenderer has to indicate any change occurring at the level of subcontractors during the execution of the contract

The contracting authority/entity may oblige the successful tenderer to award all or certain subcontracts through the procedure set out in Title III of Directive 2009/81/EC

The successful tenderer is obliged to specify which part or parts of the contract it intends to subcontract beyond the required percentage and to indicate the subcontractors already identified

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

Firewall system consisting of the necessary hardware and software, support and maintenance services as well as advice and consultancy on the installation, configuration and use of the system.

Estimated value excluding VAT: 8 000 000,00 NOK
