Supplies

Purchase

NUTS code NO071 Nordland

### **II.1.3. Information about framework agreement**

### **II.1.4. Information about framework agreement**

### **II.1.5. Short description of the contract or purchase(s)**

The Brønnøysund Registers has established a cyber security programme to address deficiencies and implement improvements related to cyber security. One of the projects in this programme has been commissioned to procure a new backup and recovery system that will help strengthen our resilience against digital extortion (Ransomware attacks), in addition to handling traditional backup and recovery functionality. In accordance with this, the Brønnøysund Registers will enter into an agreement with one tenderer for the delivery of a new system for backup and recovery. The delivery must include all necessary software and appliance equipment, related support and maintenance services as well as necessary advisory and consultancy services.

### **II.1.6. CPV code(s)**

48710000 Backup or recovery software package, 72212710 Backup or recovery software development services, 72900000 Computer back-up and catalogue conversion services

### **II.1.7. Information about subcontracting**

The tenderer has to indicate in the tender any share of the contract it may intend to subcontract to third parties and any proposed subcontractor, as well as the subject-matter of the subcontracts for which they are proposed

The tenderer has to indicate any change occurring at the level of subcontractors during the execution of the contract

The contracting authority/entity may oblige the successful tenderer to award all or certain subcontracts through the procedure set out in Title III of Directive 2009/81/EC

The successful tenderer is obliged to specify which part or parts of the contract it intends to subcontract beyond the required percentage and to indicate the subcontractors already identified

### **II.1.8. Lots**

This contract is divided into lots: no

### **II.1.9. Information about variants**

Variants will be accepted: no

## **II.2. Scope of the procurement**

### **II.2.1. Total quantity or scope**

Backup and recovery system consisting of the necessary hardware and software, support and maintenance services, as well as advice and consultancy on the installation, configuration and use of the solution.

Estimated value excluding VAT: 18 000 000,00 NOK

### **II.2.2. Information about options**

Options: no
