Based on a large variation in the amount of work carried out in self-management, the framework agreement will be subject to NOK 55,000,000 excluding VAT. The stated volume is based on historical figures. This is a framework agreement and does not carry any purchasing obligation from the contracting authority. Changes in organisation, budget and routines can affect the total volumes. In order to ensure that the framework agreement's total volume is not used up by individual, large projects, it is open for such projects to be procured outside the framework agreement.
