Greece – Aircraft refuelling services – Provision of Third Party Into-Plane Fuel Handling Services to Airport Users

OJ S 89/2025 08/05/2025

Contract or concession notice – standard regime

Services

1. Buyer

1.1. Buyer

Official name: Athens International Airport S.A.

Email: procurement@aia.gr

Activity of the contracting entity: Airport-related activities

2. Procedure

2.1. Procedure

Title: Provision of Third Party Into-Plane Fuel Handling Services to Airport Users

Description: Athens International Airport S.A. (hereinafter called AIA) in compliance with Article 13 of the Airport Development Agreement (ADA) as ratified by Law 2338/1995 (Government Gazette A'202/14.09.95) and amended and ratified by virtue of Law 4594/2019 (Government Gazette A'29/19.2.2019), and the stipulations of the applicable legislation, intends to grant to natural persons and/ or companies or consortia or groups of companies (hereinafter called the 'Suppliers'), the Airport Rights in relation to the provision of Into-Plane Fuel Handling Services to Airport users at Athens International Airport 'Eleftherios Venizelos'. The suppliers will undertake the financing, the procurement of the necessary equipment and the operation related to the provision of those services. AIA intends to award one (1) additional Airport Right for the aforementioned category of ground handling services.

Procedure identifier: 00ae69dc-15b6-4fb8-b029-52ff3ea5b9b5

Type of procedure: Restricted

The procedure is accelerated: no

2.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 63733000 Aircraft refuelling services

2.1.2. Place of performance

Country subdivision (NUTS): Ανατολική Αττική (EL305)

Country: Greece

2.1.4. General information

Additional information: In 2022 the Airport's actual traffic reached 22.73 million passengers and 213,351 air traffic movements (ATMs), while in 2023, traffic increased to 28.17 million passengers and 241,604 ATMs, rising in 2024 further to 31.85 million passengers and 268,301 ATMs. With regards to fuel throughput, during the above mentioned time period (2022-2024), fuel volumes reached 736.000, 854.000 and 1.000.000 cubic meters respectively. AIA's overall goal in relation to the Into-Plane Fuel Handling services at the Airport is to promote competition while safeguarding the quality of the service to be provided to the Airport users under high level of safety, security and environmental consciousness. The airport's tank farm

area includes storage facilities with four storage tanks, offering a combined maximum operational capacity of 24,000 cubic meters, which is sufficient to supply the Airport's daily fuel needs during five days. Since 2023, an additional tank with an operational capacity of 9,000 cubic meters has been under construction, and should be also operational by the time the airport right is granted in 2026. A state-of-the-art hydrant refuelling system distributes the fuel to the majority of the aircraft parking positions. The system consists of a dual 20 inch size main pipeline and a series of 10 inch branch pipelines distributing the fuel via 125 hydrant valve pits. The Fuel Into-Plane Handling will primarily involve a hydrant dispenser vehicle service but each company and/or groups of companies must be also equipped with refuelling and de-fuelling vehicles. For accommodation purposes there is adequate facilities including office, storage, maintenance and parking space Documents required under 5.1.9 should be submitted by all applicants (in case of consortium by each individual member). Interested applicants must be established within the European Union, as provided in Article 4.5 of the Basic Ground Handling Regulation. Applicants may be requested to supply additional information and attend interviews. Further indicative dates: dispatch of invitations to tender by AIA is estimated for early July 2025 and the submission of proposals by short-listed tenderers for September 2025. The award of the Airport Rights is expected to take place by April 2026. The minimum time frame during which the applicants must maintain the tender is until 30/11 /2026. AIA reserves the right not to proceed with the contract at any stage of the tender process. The contract will be subject to Greek Law.

Legal basis:

Other

2.1.6. Grounds for exclusion

Sources of grounds for exclusion: Procurement Document

5. Lot
