II.2.4. Description of the procurement

This contract award notice follows publication of a voluntary ex ante transparency notice published in OJEU on 4 June 2020 (reference [2020/S 107-260783](#)).

It is intended to provide notice of the contracting authority's award a short-term 6-month contract extension for the provision of home oxygen services across the East of England to its incumbent provider.

The key commissioner resource required to deliver the procurement process has been unavoidably diverted into responding to the Covid-19 pandemic. Likewise, there is significant pressure on the providers of oxygen services at this time which is likely to mean that they are unable to respond to a tender which will weaken any competitive process.

Therefore, the timetable for the procurement process has been delayed until such a time that sufficient resource can be replaced back into this project. This will allow for the completion of the re-tendering requirement in accordance with the Public Contract Regulations 2015 during 2021.

This new 6-month contract will begin straight after the current contract expires on 30 September 2021. The short-term contract period, as covered by this VEAT Notice, will be from 1 October 2021 to 31 March 2022.

no

II.2.14. Additional information

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- Extreme urgency brought about by events unforeseeable for the contracting authority and in accordance with the strict conditions stated in the directive

Explanation:

The East of England Home Oxygen contract was planned to be re procured during the autumn of 2020 in order to have a new contract in place by September 2021. However, due to the Covid-19 pandemic, essential resources which would have been utilised to manage the procurement process have been directed elsewhere. The short-term extension also recognises the pressure placed on home oxygen providers at this time.

The decision to extend was taken by West Essex CCG at the beginning of April 2020, this has now been agreed through the appropriate governance committees for all CCGs within the East of England region.

Therefore, the timetable for the procurement process has been delayed until such a time that sufficient resource can be replaced back into this project. This will allow for the completion of the re-tendering requirement in accordance with the Public Contract Regulations 2015 during 2021.
