Regional or local authority

I.3. Main activity

General public services

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Framework agreement for the purchase of services for the area municipal engineering.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Moss and Rygge.

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with several operators

Number Envisaged maximum number of participants to the framework agreement: 3

Duration of the framework agreement

Duration in years: 4

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT: 18 000 000 NOK

II.1.5. Short description of the contract or purchase(s)

The Contracting Authority for this procurement is Moss municipality, c/o the municipal department for planning, the environment and engineering. The procurement also includes Rygge municipality.

The framework agreement period is 2 year with unilateral right for the contracting authority to extend the agreement with 1 + 1 year (option).

The objective of the framework agreement is to solve the Contracting Authority's requirement for planning, engineering design/detail engineering design, zoning, consultancy, preparation and quality assurance of the tender documents, construction management and architect /landscape architect services for the subject areas water/sewage, transport and communication as well as planning/building. It may also be relevant to implement measures on bridges and road structures. The listing of subject areas is not exhaustive.

Larger municipal plans are expected to be subject to competitive tendering outside this framework agreement.

The distribution of volumes between the disciplines are estimated as follows:

Water and sewage: 70 %;

Transport and communication: 25 %;

Planning/ building cases: 5 %.

This will also be included in the price form and the evaluation will be weighted accordingly.

The Contracting Authority intends to enter into a contract with a maximum of 3 providers that will be prioritised as no 1, no 2 and no 3.

Each provider is expected to acquire local knowledge about Moss and Rygge municipalities without costs for the 2 municipalities.

Call-off mechanism:

The main rule of call-offs is that they are implemented in accordance with a prioritised list, which means that provider no. The 1st tenderer will be awarded the assignment if he can carry out the assignment by the given deadline.

The Contracting Authority reserves the right to use mini tender contests where the priority list is being released, in those cases where the Contracting Authority requires it, for the sake of the procurement's size, complexity or where the Contracting Authority, due to other considerations, deems it most appropriate. The contract award criteria in mini-tender contests can be price, assignment comprehension, the offered quality and delivery time.

The Contracting Authority uses Mercell Sourcing Service. To express your interest and gain access to any documents, please click on the link below or copy and paste the link into your browser. (<http://permalink.mercell.com/60768570.aspx>). Then follow the instructions on the website.
