II.1.4. Short description of the contract or purchase(s)

The Building and Property Management Section in the Norwegian Public Roads

Administration, Region Mid-Norway, would like to join up with a professional collaboration

partner for electro services, ventilation work and plumbing services.

The contracting authority manages large buildings and is responsible for the operation, maintenance and development of the property portfolio. The starting point for the procurement's size is a non-binding estimate for operational services and variable services within the other disciplines of 750 hours per annum in total.

The aim of this framework agreement is to maintain the contracting authority's owned and leased building in a professional and future-oriented manner. This will be done by entering into a framework agreement with a Tenderer who can provide the agreed services. The framework agreement shall also contribute to changing the focus from repairs to preventive maintenance.
