The procurement is covered by the Government Procurement Agreement: no

II.1.8. Information about lots

This contract is divided into lots: no

II.1.9. Information about variants

II.2. Scope of the procurement

II.2.1. Total quantity or scope

To meet the Control of Asbestos Regulations 2012, the Company requires the supply of asbestos management services to the Port of Felixstowe site.

There are approximately 24 buildings which will need to have annual management surveys. Management and demolition surveys may also be required. The associated reports will need to be in an electronic format as well as hard copies.

The Asbestos Register will require regular updating as inspections or removal takes place. Labels must be checked and applied, where either missing or when any new asbestos material is found.

Asbestos removal may be required throughout the contract term, this will normally be prior to any refurbishment or demolition works.

There will be a requirement to review by carrying out management surveys, buildings currently on the register as no asbestos detected (NAD).

The Contractor may also be required to supply scaffolding and other working at height platforms in accordance with asbestos maintenance and removal.

The Contractor must also provide annual on-site asbestos awareness training courses for up to 12 persons.

All works must be carried out in accordance with all relevant legislation. This will be more clearly defined in the tender document.

The contract term will be 5 years from the anticipated commencement date of the 1.2.2016.

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Duration in months: 60 (from the award of the contract)

Section III: Legal, economic, financial and technical information
