Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting authority

12172 Trondheim traffic station - extension - engineering design services.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Trondheim traffic station, Norway.

NUTS code

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

The main aim of the construction project is to expand the area with permanent office workspaces for our employees at the Road User and Vehicle Section in Sør-Trøndelag. In addition there is a need for office places for employees connected to the Road-User and Vehicle Department at the regional office/Region mid (staff employees inspection people with an area in the county). In addition there is a need for some guest work places.

The programme work has clarified that these needs shall be solved with an extension to the existing building. In addition parts of the existing building shall be altered:

- new personnel cloakrooms and wc,
- alterations to technical installations,
- upgrades for universal design (UU).

The site shall function closely together as a whole. After the alterations the office workspaces and rooms for support functions will be divided over three levels. This will affect the logistics in the building. The assignment includes solving a new vertical connection.

The alteration part of the assignment is limited to prioritised changes for upgrading the standard and usability of the general office building. The inspection halls for vehicles are units that will only be affected to a small degree by the organisation changes and extension.

Outside new garages shall be constructed for official vehicles, tools and bicycle parking in connection with the manoeuvre area.

NOTE: To register your interest in this notice and obtain any additional information please visit the Doffin Web Site at http://www.doffin.no/Search/Search_Switch.aspx?ID=268018.

II.1.6. CPV code(s)
