VI.3.1. Review body

VI.3.2. Review procedure

Precise information on deadline(s) for review procedures: The contracting authority has incorporated a minimum 10 calendar day standstill period from the point information on the award of the contract was communicated to tenderers. If an appeal regarding the award of a contract has not been successfully resolved, the Public Contracts Regulations 2006 (SI 2006 No 5) (as amended) provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be started within 30 days beginning with the date when the aggrieved party first knew or ought to have known that grounds for starting the proceedings had arisen. The Court may extend the time limit for starting proceedings where the Court considers that there is a good reason for doing so but not so as to permit proceedings to be started more than 3 months after that date. Where a contract has not been entered into, the Court may order the setting aside of the award decision or order the contracting authority to amend any document and may award damages. If the contract has been entered into the Court may only award damages or, where the contract award procedures have not been followed correctly, declare the contract to be 'ineffective'.
