### **Section III: Legal, economic, financial and technical information**

---

#### **III.1. Conditions for participation**

##### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Requirement:

Tenderers must be a legally established company

Documentation requirement:

Norwegian tenderers: Company Registration Certificate

Foreign tenderers: verification that the company is registered in a trade index or a register of business enterprises as prescribed by the law of the country where the company is established.

##### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

Requirement:

Tenderers must have the economic capacity to fulfil the assignment.

Documentation requirement:

The company's last annual financial statement including notes, the board's annual reports and audit reports, including new information of relevance to the company's fiscal numbers.

The contracting authority reserves the right to obtain credit ratings from Experion on its own initiative.

##### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

Requirement:

Tenderers must have good experience from equivalent assignments with a large number of delivery points and a similar total scope.

Documentation requirement:

References and overview of the most important goods deliveries or services that the tenderer has carried out in the last 3 years, together with information about the contract value, delivery date or execution and the name of the recipient.

Requirement:

A quality assurance system is required ensuring that the tenderer is suitable to fulfil the contractual obligations for social requirements (see contract section 6.6). This means that the

tenderer has methods for managing the supplier chain and tracking systems that enable follow-up of compliance with

- Basic human rights, including, amongst other things:
  - no person must be subjected to torture or gruesome, inhuman or degrading treatment or punishment (UN's Universal Declaration of Human Rights art. 5)
  - all workers have the right to fair and good payment that ensures them and their family a dignified existence, and if necessary, complemented by other social protection (UN's Universal Declaration of Human Rights art. 23.3),
  - everyone has the right to rest and leisure time, including reasonable limiting of work hours and regular holidays with pay. (UN's Universal Declaration of Human Rights art. 24)
- ILO's core conventions:
  - ILO convention no. 138 and 182 (ban on child labour), nos. 29 and 105 (ban on discrimination) and numbers 100 and 111 (ban on discrimination) and nos. 87 and 98 (freedom of association and right to collective bargaining).
- international law's regulations that related to the delivery in this agreement, including relevant UN decisions that Norway have signed.

Documentation requirement:

- a description of the the system for management of the supplier chain, that the tenderer will use to carry out the contract. This includes quality assurance measures that enable systematic follow-up of the work on safeguarding basic human rights, the ILO's core conventions and the international law's regulations related to the delivery in this agreement, including relevant UN decisions that Norway is obliged to downstream in the supply chain/production process.
- a description of the tracking systems that the tenderer will use to fulfil the contract. The description must state methods and/or systems that enable tracking of the production locations and country of origin involved in the supplier chain for the goods in this agreement.

Requirement:

A quality assurance system shall be established which ensure that the tenderer is suitable to fulfil the contractual obligations for environmental regulations (see contract point 6.5). This means that the tenderer must have established methods for working actively and systematically with reducing negative environmental impact from the tenderer activities related to the implementation of this contract.

Documentation requirement:

A description of the tenderer's environmental management measures. If the tenderer has certificates from independent bodies that can substantiate an established environmental management system, certificates thereof shall be presented as documentation.

The contracting authority refers in this connection to the EMAS (Eco-Management and Audit Scheme), or other acknowledged environmental management systems stated in the decree (EF) No 1221/2009 article 45, such as the Environmental Lighthouse Scheme, or other environmental management standards that are based on relevant European or international standards from accredited bodies, e.g., ISO 14001.
