The notice involves a public contract

#### II.1.4. Information about framework agreement

### **II.1.5. Short description of the contract or purchase(s)**

Region Data's WAN network presently connects all business locations for said owner municipalities. The network has a central point in the Region Data's data center, which is currently located in leased premises at Otta. The network is currently a mixture of fiber, ADSL over copper and radio connection.

Region Data intends to enter into an agreement for the supply of:

WAN communication, rental and operation of broadband communications to all businesses in REGION DATA's owner municipalities.

Internet access, lease and operation of public internet access, including official IP addresses. SOFIE access for Treasurer.

Reserve Internet Access (Redundancy).

Reserve WAN communications (municipality - Region Data) (Redundancy).

See attached requirement specification, network diagram and tender schema for more details.
