I.6. Main activity

Water

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

E1 Preparatory Work Saksvik RA — Stage 1. New Notice

Reference number: 2020/1082

II.1.2. Main CPV code

45000000 Construction work

II.1.3. Type of contract

Works

II.1.4. Short description

Malvik Municipality invites tenderers to participate in a contest for 'E1 Preparatory Work' for Saksvik Sewage Treatment Plant.

Click here: <https://permalink.mercell.com/158043926.aspx>.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

45100000 Site preparation work, 45111000 Demolition, site preparation and clearance work, 45113000 Siteworks, 45200000 Works for complete or part construction and civil engineering work, 45231300 Construction work for water and sewage pipelines, 45232100 Ancillary works for water pipelines, 45232400 Sewer construction work, 45233000 Construction, foundation and surface works for highways, roads, 45233200 Various surface works, 45236000 Flatwork, 45244000 Marine construction works

II.2.3. Place of performance

NUTS code: NO060 Trøndelag

Main site or place of performance: Saksvik.

II.2.4. Description of the procurement

Malvik Municipality will demolish the existing sewage treatment plant in Saksvik and construct a new plant on the same site, Rønningsvegen 31. Some preparatory work for this must be carried out in 2021. At the same time, a new sewage pump station will be established at Vikhammer, as well as temporary cleaning in Saksvik. The preparatory work must be coordinated with these other contracts. When all of this is in place, the demolition of the existing building, ground work, and construction work for the new sewage treatment plant will start.

Contract E1 preparatory work is the first contract to be procured, the others will be procured consecutively.

The project will be carried out with divided contracts, with start up at different dates throughout the construction period of approx. 2.5 years. The provisional plan for execution of the different work is shown in the table below.

Contract division Estimated execution

E1 Preparatory Work 2021-2022.

E2 Vikhammerfjæra APS 2022.

E3 Machinery Contract 2023

E4 Construction Contract 2022-2023

E5 Electro Contract 2022-2023

E6 Temporary Purification 2021-2023

E7 Automation 2023. The contract for the preparatory work will be in accordance with NS8405.

The following work is included in this contract (E1):

— temporary site road and levelling at Saksvik RA for the barracks. The work will be partly in a quick clay area. Thorough geotechnical surveys have been carried out. The requirements and guidelines for carrying out the work will be given at the time of the tender enquiry;

— alterations to existing water and sewage pipelines and the accompanying new manholes at Saksvik RA;

- establishment of submarine pipelines: two emission pipelines from Saksvik sewage treatment plant and a pump pipeline between Saksvik and Vikhammerfjæra APS, and an emission pipeline from Vikhammerfjæra APS;
- crossing the railway with directional drilling at Saksvik RA, with an exit into the sea;
- ground survey with pilot drilling crossing the railway at Vikhammer, with exit into the sea;
- crossing the railway with controlled drilling at Vikhammer;
- excavating, lowering, and connecting to the pipeline network for manholes and the sewage pump station at Vikhammer. The pump station with the accompanying intake foam (S22) will be delivered in another contract;
- the sea side of the railway at Vikhammer will only be accessible from the sea. The subway is only dimensioned for pedestrians;
- ditches for submarine pipes in the low water areas. Temporary site roads in the sea are to be established with matter and machine transport from the sea.

The planned construction start is week 46, 2021 with completion in week 19, 2022
Further information is in the attached drawings. Minor adjustments to the dimensions and locations can come before the tender enquiry.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 6

This contract is subject to renewal: no

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged minimum number: 3
Objective criteria for choosing the limited number of candidates:

See the pre-qualification documentation.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Norwegian tenderers must present the following certificate:

Certificate for tax and VAT (can be ordered electronically on Altinn).

The certificates must not be older than 6 months from the tender deadline.

Norwegian tenderers: Company registration certificate

Foreign companies: Registration certificate in a professional register as determined by the legislation in the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have satisfactory finances for carrying out the contract.

Minimum level(s) of standards possibly required:

— The entity's annual financial statements or extracts thereof if the publication of the annual financial statement is required in the country where the tenderer is established. Documentation that shows the tenderer's last annual turnover was at least twice the the contract's estimated value;

— Credit appraisal, rating A or higher.

If a tenderer cannot provide the above documentation, or wants to document that these give a misleading picture of his financial situation, he must prove his economic and financial standing by providing other documents relevant to the company's accounting figures/finances.

Tenderers must then provide specific reasons why the requested documentation may not be available or gives a misleading picture.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Tenderers must have the necessary competence and experience to fulfil the contract in a satisfactory way.

Minimum level(s) of standards possibly required:

A description of the tenderer's 3 most relevant assignments in the last 5 years, including a short description of the tenderer's role in the project, the contract value, date, and recipient with the name and contact information of a contact person.

For minimum each of the following work:

- coordination of complex assignments;
- submarine pipeline work;
- no-dig (directional drilling and pipe pressing);
- ground work, and water and sewage.

A description of the the technical personnel and technical units that the tenderer has at its disposal for implementation of the contract.

A description of the tenderer's quality assurance system or

Attestation/certification from an independent body verifying that the tenderer complies with relevant quality assurance standard (ISO 9001:2000 certificate, or equivalent)

III.1.4. Objective rules and criteria for participation

List and brief description of rules and criteria:

See the attached E1_Pre-qualification document — stage 1.

III.1.8. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

See the attached E1_Pre-qualification document — stage 1.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

In accordance with NS8405.

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Negotiated procedure with prior call for competition

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 09/07/2021 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

Date: 26/08/2021

IV.2.4. Languages in which tenders or requests to participate may be submitted

Norwegian

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 26/01/2022

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body
