Maximum renewals: 3

Other information about renewals: Renewal length is 12 months

5.1.6. General information

Procurement Project not financed with EU Funds.

The procurement is covered by the Government Procurement Agreement (GPA): no

5.1.10. Award criteria

Criterion:

Type: Price

Name: Price

Description: The Contracting Authority requests a fixed price for snow clearing of this area.

Evaluation of the award criteria: The following points will be in the price criteria, the total evaluation sum: Table 1: Fixed price per winter season (the total sum of all lines) The price criteria will be evaluated so that the lowest price gets 70 points, while the other prices are evaluated according to the relative difference to the lowest price. $\text{Lowest price/tender sum} * 70 = \text{number of points}$ Documentation requirement: Completed Annex 3 Price Form.

Category of award weight criterion: Weight (points, exact)

Award criterion number: 70

Criterion:

Type: Quality

Name: Environment

Description: The contracting authority has a high focus on the environment and emissions in the municipality. This criteria will evaluate the motorisation and emission class. Evaluation of the award criteria: Motorisation and emission class Points Fuel: electric/hydrogen/gas 30 Fossil fuel: Stage 5, Tier 4 Final and Euro class 6/VI 20 Fossil fuel: Stage 4 and Interim tier 4 10 Fossil fuel: older emission classes of stage, tier and euro 0 The score will be determined based on an objective measure. The tenderer can achieve a maximum of 30 points. The score will not be normalised. If a tenderer offers several machines where they have different

motorisations and emission classes, then the contracting authority will calculate an average of these to find the score. Example: Tenderers state that the following machines shall be used in the relevant areas: One lorry with Euro 6 One machine on electricity The tenderer will get 20 points + 30 points. This will be a total of 50 points. The tenderer shall use 2 vehicles/machines for this area and the average of these will be used, giving 25 points. The contracting authority will emphasise the vehicles that are in use or that will be used during the first contract year. Tenderers who shall procure a new lorry/machine for this route must state information on this in Annex 1 Equipment Specifications in the same way that the lorries/machines the tenderer already has. Documentation requirement: Complete Annex 1 Equipment Specifications. Category of award weight criterion: Weight (points, exact) Award criterion number: 30
