### **II.1.5. Short description of the contract or purchase(s)**

As a part of the Joint Project New E6 and Dovre Railway a new double track shall be constructed for a railway between Langset and Kleverud. The new track is 17 km long and runs along the east side of Mjøsa north of Minnesund. This contract is for all electricity and telecommunication work for the new double track.

The work shall be carried out in the period from spring 2013 to autumn 2015. The work will be carried out in three main phases for phasing in the new tracks.

Parallel with the electricity and telecommunication work in this contract, track and contact line work shall also be carried out for the new double track. The contract is being announced in a separate contract at the same time as this notice. Contractors that are qualified for both of these contracts can give a total tender for both contracts (track, contact line, electricity and telecommunication work).

---

##### **VI.1. Information about recurrence**

##### **VI.2. Information about European Union funds**

##### **VI.3. Additional information**

The competition is being held as a two stage competition, which, amongst other things, involves holding a separate qualification process (prequalification). Qualified tenderers will then be invited to give a tender.

The negotiated procedure is held in several phases in order to reduce the number of tenders that are negotiated (cf. the Procurement Regulations § 20-11 (1)). This means, amongst other things, that the received tenders will be ranked in accordance with the award criteria as regards the selection of which shall be negotiated. It cannot be assumed then that all tenders will be negotiated.

The contract and procurement will be carried out in Norwegian. Contractors must thus be

fluent in Norwegian, both orally and written.

As mentioned, this contract is also connected to the contract for track and contact line work for the new double track, and contractors that are qualified for both contracts can give a total tender for both contracts. If the contracts are awarded to one contractor based on a total tender, the works will be carried out and administered as one contract. The qualification documents are attached to this notice.
