5.1.7. Strategic procurement

Green Procurement Criteria: Other Green Public Procurement criteria

5.1.9. Selection criteria

Sources of selection criteria: Procurement Document, Notice

Criterion: Enrolment in a trade register

Description of selection criterion: Tenderers shall be registered in a company register or a trade register in the country where the tenderer is established. DOCUMENTATION:

Norwegian companies: Company Registration Certificate Foreign companies: Verification that the company is registered in a professional register in the state where the tenderer is established.

Criterion: Financial ratio

Description of selection criterion: Tenderers must have sufficient economic and financial capacity to be able to fulfil the contractual obligations. Sufficient economic and financial capacity means that the tenderer fulfils the following requirements: • Credit worthy without security. DOCUMENTATION: The contracting authority will assess the tenderer's fulfilment of the qualification requirement based on the following documentation: • Credit rating equivalent to A or better, measured on Soliditet's (Bisnode) scale - or equivalent score from another reputable rating company. The contracting authority reserves the right to obtain a credit rating in order to confirm fulfilment of the requirement.

Criterion: References on specified services

Description of selection criterion: Tenderers shall have good experience from similar deliveries, including delivery and implementation of a cloud based Erp system (SaaS). In addition tenderers shall have good experience with the delivery of the services requested in the assistance contract (SSA-B). Tenderers shall have carried out a minimum of 3 comparable deliveries in the last 3-5 years. DOCUMENTATION: Reference list with a short description of

the deliveries, including, among other things, the customer, scope, date and time. If the ERP references to the tenderer do not also involve the services requested in the assistance contract, separate references must be provided for these services. Complete annex 3 - form for replying to experience.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Criterion: Relevant educational and professional qualifications

Description of selection criterion: Tenderers shall have sufficient professional competence and the capacity to fulfil the contract. DOCUMENTATION: Description of the professional environment and personnel that will be used to carry out the contract. Hereunder the tenderer shall, preferably in a table format, state the number of employees within the different relevant professional environments that the tenderer has at its disposal for the execution of this delivery (the ERP service and the tileggs services) with brief information on experience level and competence. CVs are not requested here. Tenderers are requested to use a separate document/template to document fulfilment of the requirement.

Criterion: Environmental management measures

Description of selection criterion: Tenderers shall have implemented environmental management measures in their activities that cover the delivery. DOCUMENTATION: A general description of the tenderer's environmental management measures. If the tenderer is certified in accordance with ISO 14001, EMAS or Miljøfyrtårn or equivalent, it is sufficient to enclose a copy of a valid certificate.

Criterion: Measures for ensuring quality

Description of selection criterion: The tenderer shall have a quality assurance system that covers the delivery. DOCUMENTATION: A description of the tenderer's quality assurance methods. If a tenderer is certified in accordance with ISO 9001 or equivalent quality assurance certifications, it is sufficient to enclose a copy of a valid certificate.

Criterion: Security of information

Description of selection criterion: Tenderers shall have a documented management system for information security that covers the delivery. The system must demonstrate how the tenderer safeguards relevant security considerations. The system shall as a minimum include: 1. An IT security policy 2. Overview of the most important IT security risks for the entity. 3. Overview of the company's IT security requirements for sub-suppliers. 4. Description of the IT security work's organisation and division of responsibility. 5. Description of the company's stand-by to handle situations at risk for or where THERE have been IT security breaches. 6. Description of the resources necessary to establish, implement, maintain and continually improve the management system for IT security. DOCUMENTATION: A description of the company's risk and information security management system, which shows that the system includes the mentioned points in the requirement. If a tenderer is certified in accordance with ISO27001 or any equivalent standards, it will be sufficient to present a copy of a valid certificate.

Criterion: Certificates by quality control institutes

Description of selection criterion: N/A

Criterion: Certificates by independent bodies about quality assurance standards

Description of selection criterion: N/A

Criterion: Certificates by independent bodies about environmental management systems or standards

Description of selection criterion: N/A

Information about the second stage of a two-stage procedure:

Minimum number of candidates to be invited for the second stage of the procedure: 3

Maximum number of candidates to be invited for the second stage of the procedure: 3

The procedure will take place in successive stages. At each stage, some participants may be eliminated

The buyer reserves the right to award the contract on the basis of the initial tenders without any further negotiations
