II.2. Description

II.2.3. Place of performance

NUTS code: DK031 Fyn

II.2.4. Description of the procurement

DanPilot is an independent public enterprise under the Ministry of Business and Growth, with the Danish Maritime Authority as the supervising authority. DanPilot handles the public pilotage through Danish territorial waters from any destination in Denmark to all ports in Denmark and in the Baltic Sea all year round and any time of day.

The tenderer shall be able to deliver fifteen (15) of the offered pilot boat. DanPilot is committed to buy eleven (11) of the offered pilot boat. The remaining four (4) pilot boats is optional for DanPilot.

The operation of the offered pilot boats is intended for safe boat-to-ship transfer of pilots at medium speed, and for transit from port-to-ship and reverse at high speed, in the coastal water, sounds and fjords around Denmark. Further, the offered pilot boats will occasionally be operated in light sea ice as it appears in Danish waters.

It is the intention of DanPilot to acquire new build pilot boats ready and approved by the Danish Maritime Authorities (DMA) for operation as a Pilot Boat fulfilling all applicable rules and regulations as set by DMA.

The Procurement material and the appendices describe the details of the procurement procedure and the contract. For more information regarding the technical specifications, see Contract Appendix A — Tender Requirement Specification. For more information regarding contract terms, see Appendix 4 and Appendix 4.1.

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged minimum number: 5 Maximum number: 7 Objective criteria for choosing the limited number of candidates:

Among the candidates who are suitable based on the requested information in the Procurement material section B.4, DanPilot will prequalify minimum five (5) and maximum seven (7) candidates. If less than five (5) suitable requests are received, DanPilot will prequalify the number of candidates who are suitable. These candidates will be invited to submit a tender.

The choice of candidates will be based on an overall assessment of the requested information and documentation in the Procurement material section B.4.1(c). The listed references comparability to the boat put out for tender will be of high importance in the assessment. DanPilot will take the following into consideration when choosing the candidates' based on the information in the Procurement material section B.4.1(c):

— References:

— The type of commercial workboats delivered in the references described, where delivery of pilot boats will be weighted positively

— Number of commercial workboats, as defined in section B.4.1(c), delivered in each of the references described, where a high number of commercial workboats in each of the references will be weighted positively

— The candidates' production facilities:

— Good production and working environment in enclosed buildings fulfilling requirements for production of and working with materials, equipment and modern production technology used by the candidate

— Logic storage and production flow line in separated areas with a minimum of handling and processing (e.g. hull production, assembly, outfitting, workshops etc.)

— Capacity for serial production

— The candidates' quality assessment procedure:

— A quality management system on par with ISO 9001 or other quality management system with similar objectives

— Well defined and exercised quality control and assurance procedures and processes

— Good and modern test facilities fulfilling production and certification requirements, e.g. by dedicated personnel with adequate competencies and utilizing recognized technology, procedures and equipment.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

DanPilot is committed to buy eleven (11) of the offered pilot boat. The remaining four (4) pilot boats is optional for DanPilot.

DanPilot have until delivery of the 11th pilot boat to decide whether or not they will exercise the option and buy more than eleven (11), but maximum fifteen (15), of the offered pilot boat. The pilot boats included in the option shall be delivered no later than two (2) years from the delivery of the 11th pilot boat. DanPilot and the tenderer will agree on a detailed delivery plan.
