SIVA's activities are for the areas innovation and properties. In the White Paper no. 22 (2011-2012) 'Tools for growth-regarding Innovation Norway and SIVA SF', the Norwegian Government notifies that an evaluation of SIVA's property activities shall be initiated.

SIVA's property activities has not been subject to previous thorough evaluation. In 2009 and 2010 an external impact evaluation of SIVA's activities were conducted. However, the main focus of the evaluation mainly was on the overall and possibly synergistic effects between the activity areas and did not carry out an in-depth study in relation to discussion of the property activities.

Furthermore, the Office of the Auditor General of Norway carried out company inspection of SIVA's activities for the year 2008. This includes SIVA's innovation schemes, excluding the company's property activities. Based on this, the Awarding Authority requests a thoroughly assessment of SIVA's property activities. Further descriptions are given in the Contract document's annex 1; the Awarding Authority's description of the Assignment
