Title: New notice - Reconstruction Diakonhjemmet Sykehus – Vinderen, Bygg A for HSØ RHF

Description: It was established in 1926 and represents an important milestone in Norwegian health history as the country's first psychiatric university clinic and is therefore included in the National Health Building Protection Plan. The protection comprises the building's facade and main structure and requires careful preservation of the distinctive architectural expression, original windows/doors and distinctive materials that together create the building's identity. The project is part of a major quarry for an altered patient offer at Diakonhjemmet hospital, the department for general psychiatry at Vinderen. The changes trigger a need for alterations and renovations of floor 1 in building A. The building has a total of four levels, basements, levels 1, 2 and 3, and have a footprint of approx. 1900 m2.
