Regional or local authority

**I.3. Main activity**

General public services

**I.4. Contract award on behalf of other contracting authorities**

The contracting authority is purchasing on behalf of other contracting authorities: no

## Section II: Object of the contract

---

### II.1. Description

#### II.1.1. Title attributed to the contract by the contracting authority

County road 17 and 720 Dyrstad-Sprova-Malm Preparatory road contract E-1.1.

#### II.1.2. Type of contract and place of performance or delivery

Works

Execution

Main site or place of performance: County road 17 and 720, Steinkjer and Verran municipalities.

NUTS code NO Norge

#### II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

#### II.1.4. Information about framework agreement

#### II.1.5. Short description of the contract or purchase(s)

Preparatory road contract E-1.1 is the 1<sup>st</sup> construction stage in the project 17 and 720 Dyrstad-Sprova-Malm. The contract shall construct access roads to a land abutment for a new bridge, on both sides of Beitstadsundet, as well as a connection road between Tjuin industrial area and the municipal road that goes to Strømnes. Future road development shall also be prepared in this contract by laying out bias at Østvik.

The contract includes cutting down forest, blasting, mass haulage, filling and levelling for roads. The contract is subject to the Norwegian Parliament approving the toll money application for the project. The Norwegian Parliament's decision is (expected to be) in October or December 2016. If the application is approved, the contract will be signed by 14.1.2017.

#### II.1.6. CPV code(s)

45000000 Construction work

#### II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

#### II.1.8. Lots

This contract is divided into lots: no

#### II.1.9. Information about variants

Variants will be accepted: no

### II.2. Scope of the procurement

#### II.2.1. Total quantity or scope

Guidelines on main amounts:

Blasting approx. 70 000 m<sup>3</sup>;

Mass haulage (stone to a filling) approx. 42 000 m<sup>3</sup>;

Mass haulage (uncompacted matter to a filling) approx. 26 000m<sup>3</sup>;

Cutting down trees for timber approx. 850 m<sup>3</sup>;

Frost protection and reinforcement layer, approx. 6 900 m<sup>3</sup>.

## **II.2.2. Information about options**

Options: no

## **II.2.3. Information about renewals**

This contract is subject to renewal: no

## **II.3. Duration of the contract or time limit for completion**

### **Section III: Legal, economic, financial and technical information**

---

#### **III.1. Conditions related to the contract**

##### **III.1.1. Deposits and guarantees required**

See the tender documentation.

##### **III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them**

See the tender documentation.

##### **III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded**

See the tender documentation.

##### **III.1.4. Contract performance conditions**

The performance of the contract is subject to particular conditions: no

#### **III.2. Conditions for participation**

##### **III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions: Tax certificates:

Tax and VAT certificates, not older than 6 months, shall be enclosed with the tender. Cf. the Public Procurement Regulations § 17-14.

Working partnership:

If the tenderer is a working partnership (supplier consortium), a declaration of joint and several liability to the builder and third parties must be enclosed with the tender.

A report shall be given for the business form and the composition of the working partnership, including the participants' organisation numbers (Business Register Numbers).

Tenderers must make sure to substantiate how the competence requirements shall be met by the participants. Furthermore, each individual participating company in the working partnership must provide information on their company, as is required in the tender documentation.

Working partnerships will be assessed collectively for all eligibility requirements, except HSE and own equity. Each participant will be individually evaluated for HSE and equity.

Systematic HSE work:

Tenderers shall have a system and routines that ensure that the HSE work is operated in a systematic manner in accordance with the internal control regulations, cf. the confirmation in the E5 tender form.

##### **III.2.2. Economic and financial ability**

List and brief description of conditions: Equity. Solvency.

Tenderers are required to have positive equity. If the tenderer is a working partnership (supplier consortium), the requirements apply for each of the participants.

Documentation requirement:

Documentation of equity is to be submitted the tender. Cf. Chapter E2, point 4.3.1, form E2 4.3.1.

Documentation of any significant changes to the tenderer's equity and solvency compared to the last accounts audit must accompany the tender.

Minimum level(s) of standards possibly required: Tenderers are required to have positive equity.

### **III.2.3. Technical and professional ability**

List and brief description of conditions:

Experience:

Tenderers who are recently established companies and consequently, cannot submit references, must be particularly careful to demonstrate that they have the ability to carry out the contract. The tenderer shall report their company formation and employee expertise.

Planned organisation for the assignment and CVs for the key personnel in the project organisation are extremely important. This also applies for companies that merge or are acquired by another company during the tendering process.

Experience from equivalent works. Reference projects:

The tenderer shall have experience from work of the same nature and degree of difficulty.

Documentation requirement:

Information on such shall be attached with the tender. Cf. chapter E2, point 4.1.1, form E2-4.1.1.

Where the tenderer is dependent on a sub-contractor in order to be qualified, the tenderer must document for the contracting authority that the tenderer will have authority over the required resources. This can be documented by the tenderer presenting a mutual statement of liability, or equivalent.

The builders' experiences. Reference projects:

NPRA and other builders' experiences with the tenderer will be appraised.

The tenderer is required to show references to relevant contracts that they themselves have carried out in a satisfactory manner.

Conditions which will be evaluated are related to, a:

- Documentation of completed quality;
- Fulfilment of contracts;
- Compliance with provisions and procedures for HSE;
- Compliance with provisions for wages and working conditions;
- Observance of deadlines;
- Follow up during the warranty/claims period.

Documentation requirement:

Information about contracts the tenderer has had in the last few years, with names of references at the contracting authority, shall accompany the tender. Cf. Chapter E2, point 4.1.2, form E2-4.212.

Any assessment forms from previously completed contracts can also be included in the basis for the evaluation.

### **III.2.4. Information about reserved contracts**

#### **III.3. Conditions specific to services contracts**

##### **III.3.1. Information about a particular profession**

Execution of the service is reserved to a particular profession: no

##### **III.3.2. Information about staff responsible for the performance of the contract**

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

## **Section IV: Procedure**

---

### **IV.1. Type of procedure**

#### **IV.1.1. Type of procedure**

Open

#### **IV.1.2. Information about the limits on the number of candidates to be invited**

#### **IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue**

### **IV.2. Award criteria**

#### **IV.2.1. Award criteria**

Lowest price

#### **IV.2.2. Information about electronic auction**

An electronic auction will be used: no

### **IV.3. Administrative information**

#### **IV.3.1. File reference number attributed by the contracting authority**

16/76552

#### **IV.3.2. Previous publication concerning this procedure**

no

#### **IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document**

Payable documents: no

#### **IV.3.4. Time limit for receipt of tenders or requests to participate**

1.11.2016 - 11:00

#### **IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates**

#### **IV.3.6. Languages in which tenders or requests to participate may be submitted**

Other: Norwegian.

#### **IV.3.7. Minimum time frame during which the tenderer must maintain the tender**

until: 15.2.2017

#### **IV.3.8. Conditions for opening of tenders**

Date: 1.11.2016 - 12:00

Place: Official name: The Norwegian Public Roads Administration, Region Mid-Norway

Postal address: Byavegen 48

Town: Steinkjer

Byavegen 48, Steinkjer.

Persons authorised to be present at the opening of tenders: yes

Information about authorised persons and opening procedure: The opening of the tenders is open to the public.

## **Section VI: Complementary information**

---

### **VI.1. Information about recurrence**

This is a recurrent procurement: no

### **VI.2. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no
