#### 2.1. Procedure

Title: 1105601 UiO Life Science User Equipment, K930.21 SPR (Surface Plasmon Resonance)

Description: Statsbygg constructs the new Life Sciences Building (LVB) for the University of Oslo and Oslo University Hospital on behalf of the Ministry of Education and Research and South-East Health as the co-contracting authority. The building shall be the workplace for approx. 1,600 employees and 1,600 students. Start up for the excavation and ground work was the second quarter of 2019 and the planned completion is at the end of 2026. Various professional environments shall work multi-disciplinary here to develop new solutions for major challenges within health and sustainability with access to the best and most modern equipment required to carry out world class research, teaching and innovation.

Procedure identifier: 9746b1d1-0e45-4ce4-a2e4-587f77fc5a2f

Previous notice: f05e6019-5438-4074-94c9-333e86e93d9c-01

Internal identifier: 2025/1038

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: A Surface Plasmon Resonance (SPR) instrument will be acquired in this tender. We study the kinetics of protein-protein, protein-nucleic acids, and protein-small molecule complexes by surface plasmon resonance in a large variety of projects. It is a key feature that the instrument is able to determine kinetic parameters for protein-small molecule complexes in particular, with as high sensitivity and low noise in the signal as possible. It is also essential that the Instrument can measure many samples in series in automatic mode, and with the ability to study several ligands simultaneously. The Instrument must also have integrated software for experiment design and data analysis with several binding models. See the tender documents for more details. July is a common holiday time in Norway, and any questions from the Vendors in regard to this tender will not be answered until after 4th August.

##### 2.1.1. Purpose

Main nature of the contract: Supplies

Main classification (cpv): 38000000 Laboratory, optical and precision equipments (excl. glasses)

### 2.1.2. Place of performance

Country subdivision (NUTS): Oslo (NO081)

Country: Norway

### 2.1.4. General information

#### Legal basis:

Directive 2014/24/EU

Anskaffelsesforskriften - In accordance with the law and regulations on public procurements.
