### **II.1. Scope of the procurement**

#### **II.1.1. Title**

GMCA Street Lighting Electrical Connection Services Framework Agreement

### **II.1.2. Main CPV code**

50232100 Street-lighting maintenance services

### **II.1.3. Type of contract**

Services

### **II.1.4. Short description**

The purpose of this tender is to put in place a framework agreement to procure street lighting electrical connections services. The framework agreement will consist of five lots, of which two of the lots will be distribution network operator (DNO) geographical lots and three will be independent distribution network operator (IDNO) lots. All providers must be accredited for the appropriate work categories under the National Electricity Registration Scheme (NERS), presently operated by Lloyds Register, to operate on the incumbent distribution network operator (DNO) electrical networks at any time during the term of the framework agreement. The distribution network operators for the two geographical lots are Electricity North West (Lot 1) and Scottish Power (Lot 2). The remaining three Independent Distribution Network Operator lots will be Energetics IDNO Sites (Lot 3), IPNL (Independent Power Networks) IDNO Sites (Lot 4) and ESP Electricity Limited IDNO Sites (Lot 5).

### **II.1.5. Estimated total value**

Value excluding VAT: 15 000 000,00 GBP

### **II.1.6. Information about lots**

This contract is divided into lots: yes  
Tenders may be submitted for all lots

## **II.2. Description**

### **II.2.1. Title**

Lot 1: Electricity North West (ENW) Distribution Network Operator Geographical Region  
Lot No: 1

### **II.2.2. Additional CPV code(s)**

34928500 Street-lighting equipment, 45316211 Installation of illuminated road signs, 45316110 Installation of road lighting equipment, 45316100 Installation of outdoor illumination equipment, 45233139 Highway maintenance work

### **II.2.3. Place of performance**

NUTS code: UKD North West (England)  
Main site or place of performance: Various sites and geographical locations across North-West England.

### **II.2.4. Description of the procurement**

The purpose of this tender is to put in place a framework agreement to procure street lighting electrical connections services. The framework agreement will consist of five lots, of which two of the lots will be distribution network operator (DNO) geographical lots and three will be Independent Distribution Network Operator (IDNO) lots. All providers must be accredited for the appropriate work categories under the National Electricity Registration Scheme (NERS), presently operated by Lloyds Register, to operate on the incumbent distribution network operator (DNO) electrical networks at any time during the term of the framework agreement. The distribution network operators for the two geographical lots are Electricity North West (Lot 1) and Scottish Power (Lot 2). The remaining three Independent Distribution Network Operator lots will be Energetics IDNO Sites (Lot 3), IPNL(Independent Power Networks) IDNO Sites

(Lot 4) and ESP Electricity Limited IDNO Sites (Lot 5). It is the intention to appoint a minimum of 3 providers to each lot subject to there being sufficient tenderers satisfying the criteria laid down within the tender process.

Services to be provided under the framework agreement will consist of street lighting electrical connections services (new connections, transfers and disconnections), including the erection and uprooting of lighting column, traffic sign pole, feeder pillar or illuminated traffic bollards, lantern/bracket installation or exchange, cut-out terminations and cabling installation works, and painting.

Contracts called-off from the framework agreement will be awarded on a cascade basis, with the tenderer submitting the Most Economically Advantageous Tender being appointed as the first provider to the relevant lot, which will be contacted in the first instance in respect of any service requirements. Should the first provider not have the capacity and/or capability and/or not be willing to provide the services then the second provider and third provider would be contacted in turn. Alternatively, contracting bodies accessing the framework agreement may re-open competition to all providers capable of meeting the requirement within the framework agreement via a 'mini competition' process within the applicable lot(s).

The services provided under the framework agreement will be made available to members and associate members of the Greater Manchester Combined Authority (GMCA) and other participating authorities and organisational bodies as named within this Contract Notice. The Invitation to Tender documentation contains further details on those organisations intending to use the framework agreement at its outset and indicative call-off quantities. None of the named organisations will however be obliged to procure through the framework agreement. Economic operators should note that inclusion on the framework agreement is not a guarantee that any call-off contracts will be awarded.

The framework agreement will initially run for a period of 2 years and will allow for 2 further periods of extension of 12 months each. The maximum duration of the framework agreement will be 4 years.

#### **II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6. Estimated value**

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months: 48

This contract is subject to renewal: yes

Description of renewals:

The framework agreement will initially run for a period of 2 years and will allow for 2 further periods of extension of 12 months each. The maximum duration of the framework agreement will be 4 years.

Contracts called off from the framework agreement will be awarded on a cascade basis, with the tenderer submitting the most economically advantageous tender being appointed as the first provider to the relevant lot, which will be contacted in the first instance in respect of any service requirements. Should the first provider not have the capacity and/or capability and/or not be willing to provide the services then the second provider and third provider would be contacted in turn. Alternatively, contracting bodies accessing the framework agreement may re-open competition to all providers capable of meeting the requirement within the framework agreement via a 'mini competition' process within the applicable lot(s).

The services provided under the framework agreement will be made available to members and associate members of the Greater Manchester Combined Authority (GMCA) and other participating authorities and organisational bodies as named within this contract notice. The invitation to tender documentation contains further details on those organisations intending to use the framework agreement at its outset and indicative call-off quantities. None of the named organisations will however be obliged to procure through the framework agreement. Economic operators should note that inclusion on the framework agreement is not a guarantee that any call-off contracts will be awarded.

The framework agreement will initially run for a period of 2 years and will allow for two further periods of extension of 12 months each. The maximum duration of the framework agreement will be 4 years.

#### **II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6. Estimated value**

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months: 48

This contract is subject to renewal: yes

Description of renewals:

The framework agreement will initially run for a period of 2 years and will allow for two further periods of extension of 12 months each. The maximum duration of the framework agreement will be 4 years.

#### **II.2.10. Information about variants**

Variants will be accepted: no

##### **II.2.1. Title**

Lot 5: ESP Electricity Ltd Independent Distribution Network Operator Sites

Lot No: 5

##### **II.2.2. Additional CPV code(s)**

34928500 Street-lighting equipment, 45316211 Installation of illuminated road signs, 45316110 Installation of road lighting equipment, 45316100 Installation of outdoor illumination equipment, 45233139 Highway maintenance work

##### **II.2.3. Place of performance**

NUTS code: UKD North West (England)

Main site or place of performance: Various sites and geographical locations across North-West England.

#### **II.2.4. Description of the procurement**

The purpose of this tender is to put in place a framework agreement to procure street lighting electrical connections services. The framework agreement will consist of five lots, of which two of the lots will be distribution network operator (DNO) geographical lots and three will be Independent Distribution Network Operator (IDNO) lots. All providers must be accredited for the appropriate work categories under the National Electricity Registration Scheme (NERS), presently operated by Lloyds Register, to operate on the incumbent distribution network operator (DNO) electrical networks at any time during the term of the framework agreement. The distribution network operators for the two geographical lots are Electricity North West (Lot 1) and Scottish Power (Lot 2). The remaining three Independent Distribution Network Operator lots will be Energetics IDNO Sites (Lot 3), IPNL(Independent Power Networks) IDNO Sites (Lot 4) and ESP Electricity Ltd IDNO Sites (Lot 5). It is the intention to appoint a minimum of three providers to each lot subject to there being sufficient tenderers satisfying the criteria laid down within the tender process.

Services to be provided under the framework agreement will consist of street lighting electrical connections services (new connections, transfers and disconnections), including the erection and uprooting of lighting column, traffic sign pole, feeder pillar or illuminated traffic bollards, lantern/bracket installation or exchange, cut-out terminations and cabling installation works and painting.

Contracts called off from the framework agreement will be awarded on a cascade basis, with the tenderer submitting the most economically advantageous tender being appointed as the first provider to the relevant lot, which will be contacted in the first instance in respect of any service requirements. Should the first provider not have the capacity and/or capability and/or not be willing to provide the services then the second provider and third provider would be contacted in turn. Alternatively, contracting bodies accessing the framework agreement may re-open competition to all providers capable of meeting the requirement within the framework agreement via a 'mini competition' process within the applicable lot(s).

The services provided under the framework agreement will be made available to members and associate members of the Greater Manchester Combined Authority (GMCA) and other participating authorities and organisational bodies as named within this contract notice. The invitation to tender documentation contains further details on those organisations intending to use the framework agreement at its outset and indicative call-off quantities. None of the named organisations will however be obliged to procure through the framework agreement. Economic operators should note that inclusion on the framework agreement is not a guarantee that any call-off contracts will be awarded.

The framework agreement will initially run for a period of 2 years and will allow for two further periods of extension of 12 months each. The maximum duration of the framework agreement will be 4 years.

#### **II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6. Estimated value**

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months: 48

This contract is subject to renewal: yes

Description of renewals:

#### **II.2.10. Information about variants**

Variants will be accepted: no

#### **II.2.11. Information about options**

Options: no

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds: no

#### **II.2.14. Additional information**

### **Section III: Legal, economic, financial and technical information**

---

#### **III.1. Conditions for participation**

##### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Applicants should refer to the invitation to tender document regarding these requirements, in particular to sections 'Section 4: Service Requirements' and 'Section 5: Evaluation Requirements'.

##### **III.1.2. Economic and financial standing**

Selection criteria as stated in the procurement documents

##### **III.1.3. Technical and professional ability**

Selection criteria as stated in the procurement documents

#### **III.2. Conditions related to the contract**

##### **III.2.1. Information about a particular profession**

Execution of the service is reserved to a particular profession Reference to the relevant law, regulation or administrative provision:

Any provider performing any of the services required within this framework agreement must be accredited for the appropriate work categories under the National Electricity Registration Scheme (NERS) presently operated by Lloyds Register to operate on the appropriate incumbent distribution network operator (DNO) electrical network at any time during the term of the framework agreement. The distribution network operators for this framework agreement are Electricity North West (Lot 1) and Scottish Power (Lot 2) and the Independent DNO's are Energetics (Lot 3), IPNL (Independent Power Networks) (Lot 4) and ESP Electricity Ltd (Lot 5).

##### **III.2.2. Contract performance conditions**

Applicants should refer to the Invitation to tender document and terms and conditions of the framework agreement and call-off contracts document, which provide further detail around contract performance conditions.
