II.2.3. Place of performance

NUTS code: NO0A1 Rogaland

Main site or place of performance: Strand Municipality and Hjelmeland Municipality.

II.2.4. Description of the procurement

Strand and Hjelmeland Municipalities have a combination between automatic doors and swing doors. So that they reach their expected function time, and to avoid stoppages, regular inspections/self-inspections of the installations are carried out by operators in the municipalities.

The aim of the procurement is to establish a system for periodic follow-up of the installations in accordance with placed orders. Well-functioning installations will improve customer satisfaction and reduce costs for repairs and replacements. In addition to providing maintenance of existing installations, prices are also wanted for procurements of cylinders, keys, etc. There is an estimated shopping basket in the price sheet. The material list is based on what we currently have and on previous procurements.

Strand Municipality has made large investments in previous years in order to switch system to ILOQ. There are also plans in the coming years to replace existing locks with the this.

The service must cover a complete review of all functions of the doors and systems that are covered by the contract. The contracting authority needs a total overview of installations and assurance that all components function satisfactorily and are in good condition.

The contract covers emergency service, as well as repairs and maintenance in accordance with placed orders, within the scope described in the price sheet.

Strand Municipality.

Strand Municipality would like to enter into a framework agreement with two tenderers, provided that there is a sufficient number of suitable tenders received. This framework agreement will be signed with two tenderers, which will be given all assignments under NOK 100,000 excluding VAT. The contracting authority reserves the right to hold separate contests for assignments over NOK 100,000 excluding VAT. This will be decided in each case. The distribution of the assignments under this framework agreement will be 70% to tenderer no. 1 and 30% to tenderer no. 2. Further information can be found under 'Distribution Key for Strand Municipality'.

Hjelmeland Municipality

Hjelmeland Municipality would like to enter into a contract with one tenderer under this framework agreement.

The contract will be awarded to the tenderers that submit the most advantageous tenders for lot 1 and lot 2 based on the award criteria in point 4, award criteria.

This framework agreement consists of the following two lots. The municipalities will have different price sheets:

1. Strand Municipality - 'annex 3 - price sheet locks and fittings Strand Municipality'
2. Hjelmeland Municipality - 'annex 4 - price sheet locks and fittings Hjelmeland Municipality'

The contract will be governed by the attached terms:

Strand Municipality.

Annex 3 - Standard Contract Terms for Strand Municipality.

Annex 4 - Seriousness Requirements

Annex 5 - Strand's Standard UTF Execution Requirements

Hjelmeland Municipality

Annex 6 - Standard Contract Terms for Hjelmeland Municipality.

Annex 7 - Seriousness Requirements

Moreover, the contracting authority is at any time bound in terms of policy decisions and guidelines, with regards to funding.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 7 200 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 15/08/2023 End: 14/08/2025

This contract is subject to renewal: no
