I.2. Type of the contracting authority

Body governed by public law

I.3. Main activity

Health

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting authority

74581 US KLM microbiology, Analysing instrument.

II.1.2. Type of contract and place of performance or delivery

Supplies

Purchase

Main site or place of performance: Oslo.

NUTS code NO0 Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

Oslo University Hospital invites to a tender contest for the procurement of instruments with accompanying reagents for HIV-1 RNA quantifying and HBV DNA quantifying at the Department for Microbiology, the Unit for Molecular diagnostics and virology, OUS Ullevål. The recommended sample material for HCV/HIV-RNA examinations is EDTA plasma. The durability is 72 hours when using plasma gel tubes centrifuged in accordance with the prevailing packaging attachment. The department receives samples for the relevant analyses from all over Norway. Due to durability, it may then be necessary to reverse the pipetting of the samples prior to instigating analyses, The residue material shall also be archived in a biobank and the Contracting Authority also requests a system for this which is adapted to the use of the analysing instruments.

II.1.6. CPV code(s)

38000000 Laboratory, optical and precision equipments (excl. glasses), 38432000 Analysis apparatus

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: yes

Tenders may be submitted for one or more lots

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

At present the following number of tests is executed:

HIV-1 RNA quantifying: 6,300

HCV RNA quantifying: 2,800

HBV DNA quantifying: 1,600

The pipetting robot shall execute 10 — 11,000 samples per annum.

Estimated value excluding VAT:

Range: between 2 000 000 and 4 500 000 NOK

II.2.2. Information about options

Options: yes

Description of options: Service agreements

The consumables include the following options:

Prolongation of the framework agreement as long as the equipment is in use.

The extension of the framework agreement's volume for the equipment's capacity is in use to the full extent.

Provisional timetable for recourse to these options:

in months: 36 (from the award of the contract)

II.2.3. Information about renewals

This contract is subject to renewal: yes

In the case of renewable supplies or service contracts, estimated timeframe for subsequent contracts:

in months: 12 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Duration in months: 024 (from the award of the contract)

Information about lots

Lot No: 1

Lot title: 74581 Analysing instrument

1) Short description

Oslo University Hospital invites to a tender contest for the procurement of instruments with accompanying reagents for HIV-1 RNA quantifying and HBV DNA quantifying at the Department for Microbiology, the Unit for Molecular diagnostics and virology, OUS Ullevål.

2) CPV code(s)

38000000 Laboratory, optical and precision equipments (excl. glasses), 38432000 Analysis apparatus

3) Quantity or scope

Estimated value excluding VAT:

Range: between 1 500 000 and 3 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

Lot No: 2

Lot title: 74581 Pipetting robot

1) Short description

The recommended sample material for HCV/HIV-RNA examinations is EDTA plasma. The durability is 72 hours when using plasma gel tubes centrifuged in accordance with the prevailing packaging attachment. The department receives samples for the relevant analyses from all over Norway. Due to durability, it may then be necessary to reverse the pipetting of the samples prior to instigating analyses, The residue material shall also be archived in a biobank and the Contracting Authority also requests a system for this which is adapted to the use of the analysing instruments.

2) CPV code(s)

38000000 Laboratory, optical and precision equipments (excl. glasses), 38432000 Analysis apparatus

3) Quantity or scope

Estimated value excluding VAT:

Range: between 500 000 and 1 500 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See the procurement documents.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

Minimum level(s) of standards possibly required: Documentation

A credit assessment from Dun & Bradstreet or similar, with rating — credit worthy, not older than 3 months If not, a bank guarantee or parent company guarantee that provides equivalent safety for implementational ability can be given.

If the tenderer has valid reasons for not being able to provide the documentation requested by the contracting authority, the tenderer can prove the financial position with any other document that the contracting authority deems suitable, (Public Procurement Regulations § 17-8 (5)).

III.2.3. Technical and professional ability

List and brief description of conditions:

Tenderers shall have the necessary technical and professional qualifications to fulfil the contractual obligations.

Minimum level(s) of standards possibly required:

Tenderers shall have a quality assurance system that documents the tenderer's organisation and ability for carrying out a good delivery. Enclose a short description (or example Table of Contents) of the tenderer's quality system/methods for quality assurance, and a copy of any certificates.

Tenderers shall document an organisation with good technical and professional qualifications. Enclose a detailed description of the tenderer's organisation, both the sales and service organisation, including an organisation chart. The document shall also include the name, competence and relevant experience for employees who will participate in this delivery and for those who shall carry out service and maintenance after delivery. State where the tenderer's service organisation is located.

Enclose a list of the most important and most relevant deliveries of the offered equipment (or equivalent) in the last 3-5 years, including information on the value and date of the delivery. The list shall also include a contact person at the contracting authority/authorities (name, email address, telephone number). A short description of previously delivered equipment is to be given on this form.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Open

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

74581

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

20.10.2016 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Danish. Swedish.

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

until: 20.2.2017

IV.3.8. Conditions for opening of tenders

Persons authorised to be present at the opening of tenders: no

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

Official name: Oslo University Hospital

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

7.9.2016
