2. Procedure

2.1. Procedure

Title: Framework agreement for the purchase of Water and Sewage equipment.

Description: Questions will not be answered in the period from 28.3.2026 until and including 6.4.2026.

Procedure identifier: 9d94a67d-caf2-40d1-abeb-a6ade34190d7

Internal identifier: 25/30736

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: The contracting authority would like to enter into a contract with a tenderer for the procurement of water pipeline and sewage material (water and sewage materials) for ongoing maintenance in Bærum municipality, as well as emergency deliveries. The main user will be the servicedet Water and sewage. The framework agreement will mainly apply for water and sewage materials for operations. The call-offs will mainly be for pipes and pipe parts, but it can also be relevant to take parts to manholes, pumps and overflow, and other materials needed in a ditch. When it comes to larger new installations/renovations that are being put out for tender, the procurement of materials can be included as a part of the tender offer from the contractor, and not a part of this framework agreement. Small new installations/renovations may be relevant for the Contracting Authority's materials in this framework agreement. The contracting authority reserves the right to hold a separate tender contest for individual procurements for more than NOK 500,000 excluding VAT, independent of this framework agreement.
