2.1. Procedure

Title: Market dialogue - Camera monitoring, car counting and accompanying services for Vesar.

Description: Vesar plans to procure a future orientated system for camera monitoring and car counts at the seven recycling stations. The system shall contribute to increased security, improved data basis for operation and facilitate for further digitalisation, including possible introduction of access control. The procurement is assessed as a service delivery (SaaS /managed service), including alarm centre and security guard services, but Vesar is open to assessing other possibilities. Vesar needs to hold a market dialogue in order to gain better insight into possibilities, technology choices and appropriate procurement strategy. The contract is planned to have a duration of five years, with a unilateral option for the contracting authority for 1+1 year.
