Description: The procurement is connected to the management of EEA resources in the financing period 2021-2028. The main objective of the assignment is to establish a point of contact for cooperation between Norway and civil communities in the recipient country of the EEA resources. Main features of the procedure: The procurement will be made in accordance with the Act from 17 June 2016 no. 73 on public procurements (the Procurement Act) and regulations 12 August 2016 no. 974 on public procurements (the procurement regulations), part I and part II after the procurement procedure, open tender contest, c.f. the procurement regulations § 5 -1 (2), letter b. The object of the procurement is to be seen as social services and it requires that the tenderer has close contact with Norwegian civil society. Social services are categorised as

special services, cf. Annex 2 of the Procurement Regulations, Special Services. The procurement is published in Doffin and TED. The contracting authority plans to award a contract after an evaluation of the tenders as they are at the tender deadline. Dialogue in the form of clarifications will be carried out if needed. The contracting authority reserves the right to hold a dialogue in the form of negotiations with three tenderers if it is deemed appropriate. The negotiations could apply to all sides of the tenders. If so, the selection of the tenderers who are invited to negotiations will be made after an evaluation of the tenders according to the award criteria. We emphasise that no tenderers can expect negotiations on their tender and must therefore submit their best tender. The contracting authority therefore encourages tenderers to submit tender offers in accordance with the instructions and guidelines in this tender documentation with annexes and ask questions about uncertainties in the tender documentation.
