Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting authority

Delivery of electricity and portfolio management — the municipalities in the Hadeland and Gjøvik region.

II.1.2. Type of contract and place of performance or delivery

Supplies

Purchase

Main site or place of performance: The Hadeland and Gjøvik region.

NUTS code NO022 Oppland

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 3

II.1.5. Short description of the contract or purchase(s)

The contracting authority shall procure a framework agreement for electricity. This is to include physical delivery and portfolio management. The delivery also includes electricity to municipal street lights.

The procurement has an annual power volume of approx. 107 GWH and includes approx. 1 150 measuring points.

The stated scope is estimates based on consumption statistics. No guarantee is given for any of the estimates that are given in the tender documentation, nor the estimates.

See annex 1 for further information on the assignment.

The Contracting Authority uses Merccell Sourcing Service. To express your interest and gain access to any documents, please click on the link below or copy and paste the link into your browser. (<http://permalink.merccell.com/60010752.aspx>). Then follow the instructions on the website.

II.1.6. CPV code(s)

09310000 Electricity, 66140000 Portfolio management services, 71314200 Energy-management services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

The Contracting Authority shall procure a framework agreement for electricity, including physical delivery and portfolio management. The procurement has an annual power volume of approx. 107 GWH and includes approx. 1 150 measuring points. The stated extent is an estimate based on consumption statistics and there are no guarantees for any of the estimates

stated in the tender documentation, nor the estimates used for weighting prices and other criteria.

II.2.2. Information about options

Options: yes

Description of options: — Tenderers shall be able to offer electricity with a guarantee of origin from renewable sources in accordance with annex 1 point 2.6.1;

— Until Elhubs is in operation, the tenderer shall, for the participants who want it, make consumption values available in accordance with annexes 2.6.2;

— When Elhubs is in operation, the equivalent data shall be sent, based on the documented full cost in accordance with annex 1 point 2.6.2;

— Nordre Land municipality shall have an option to join the framework agreement in accordance with annex 1 point 2.6.3.

Provisional timetable for recourse to these options:

in months: 36 (from the award of the contract)

II.2.3. Information about renewals

This contract is subject to renewal: yes

Number of possible renewals: 1

In the case of renewable supplies or service contracts, estimated timeframe for subsequent contracts:

in months: 12 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Start 1.1.2017. Completion 31.12.2019

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Tax and VAT certificate. Requirement: Tenderer must have submitted their tax, employer contributions and VAT assignments. Documented by: Tax and VAT certificate. The certificate must not be more than 6 months old from the deadline for submitting the application. Any arrears or other irregularities must be justified. If the tenderer is planning to use sub-providers, tax certificates must be provided for them as well.

Company Registration Certificate — Requirement: Tenderers should be a legally established company. Documentation: Company Registration Certificate or equivalent from the tenderer's home country.

III.2.2. Economic and financial ability

List and brief description of conditions: Solidity Requirement: The tenderer shall have sufficient economic and financial solidity to be able to implement the contractual obligations.

Documentation requirement: Tenderers must submit Annual Financial Statement for the last 2 financial years, as well as the auditor's reports. Tenderer is requested to account for any necessary conditions (for example deficit and low equity to assets ratio, etc.). Credit rating, carried out by a publicly approved credit rating institution, confirming that the tenderer is credit worthy. The credit rating shall not be older than 6 months from the deadline for receipt of tenders and it shall be based on the last known accounting figures. If for valid reasons the tenderer is unable to submit the documentation as requested by the Contracting Authority, the tenderer may prove their economic and financial standing with any other document that the Contracting Authority is able to accept.

III.2.3. Technical and professional ability

List and brief description of conditions:

Tenderers must have good experience and good references from equivalent contracts /assignments (size and complexity). Documentation requirement: List of the most important deliveries in Norway in the last 3 years, including information on the value, date and reference (name, telephone number and email address). The deliveries shall include portfolio management.

Contractual relationship to Nasdaq OMX Nordic electricity: The Contracting Authority shall not have any direct relationship with Nasdaq OMX Nordic electricity, and the tenderer shall therefore be in a position to carry out financial and physical trade on Nasdaq OMX Nordic electricity. Documentation requirement: Copy of distributive license and documentation of tenderer's contractual relationship to Nasdaq OMX Nordic electricity.

Minimum level(s) of standards possibly required:

At least 3 years experience with portfolio management for equivalent customers.
