Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

The modification of the inspection vessel MS Myken.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 1: Maintenance and repair services

Main site or place of performance: Ålesund.

NUTS code NO Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

The Norwegian Coastal Administration's shipping company shall modify the inspection vessel MS Myken. The objective of the modification is to achieve propulsion with water jet and engines adapted to work vessel. The vessel shall be sufficient extended in order to get an engine room adapted to the equipment, as well as modifying the engine room to achieve the lowest possible noise level, and more service friendly. The assignment includes extension of hull, replacing engines and propulsion system from propulsion to water jet. See the specification in the tender documentation's part II, with annexes.

The vessel shall, after being modified, comply with the Norwegian Maritime Authority's requirements stated in FOR-2014-12-19-1853. MS Myken has oil spill protection certificate, and the tenderer shall, subsequent to modification, ensure that this certificate is upheld. C.f. Regulations FOR-2011-02-08-130 concerning the use of vessels in connection with oil spill protection measures, as well as other certificates. The tenderer, shall as a part of the assignment, ensure and substantiate that the vessel, when completed, comply with the prevailing requirements and certificates.

II.1.6. CPV code(s)

50242000 Conversion services of ships, 50241000 Repair and maintenance services of ships, 50241100 Vessel repair services, 50244000 Reconditioning services of ships or boats, 51145000 Installation services of marine engines

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

See the tender documentation.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See the tender documentation.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

See the tender documentation.

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: The tenderer is required to have a legally established company. To be substantiated by presenting a Company Registration Certificate, or equivalent from the tenderer's country of origin.

III.2.2. Economic and financial ability

List and brief description of conditions: Credit assessment from an organisation licensed by the Data Protection Authority (Datatilsynet) to conduct credit assessment operations. See: <https://www.datatilsynet.no/Sektor/Kreditt-finans-forsikring/selskaper-som-kredittvurderer> The assessment must be based on the last known fiscal figures with an indication of how the credit rating has evolved during the past 2 years.

If the tenderer has any valid reasons for not being able to provide the documentation requested by the Contracting Authority, the supplier may prove the financial position with any other document that is acceptable to the Contracting Authority. The supplier must make written contact with the Contracting Authority, in advance, in order to clarify which other documentation is acceptable.

Minimum level(s) of standards possibly required: Tenderers are required to be credit worthy.

III.2.3. Technical and professional ability

List and brief description of conditions:

Experience from equivalent or relevant assignments/deliveries of the same scope, nature and complexity is required.

Minimum level(s) of standards possibly required:

A reference list of the company's 5 most important relevant deliveries over the last 3 years must be included with the tender, including their values, relevance, dates and recipients. The references will be checked if necessary. The references must be recorded on the attached form, Annex 1.

III.2.4. Information about reserved contracts
