1.1. Buyer

Official name: Novari IKS

Email: arne@innkjopskontoret.no

Legal type of the buyer: Public undertaking, controlled by a local authority

Activity of the contracting authority: General public services

2. Procedure

2.1. Procedure

Title: Development DigiDOT, stage 1

Description: The competition is for the procurement of qualified assistance for developing architecture, profiling, terminology management, integration model and implementation of the system, as well as any adaptations and set-up of free software. in connection with the establishment of a joint information storage system for the public dental health service. Novari IKS is owned by all the counties and Oslo municipalities. The procurement is stage 1 in a larger project that also intends to procure a joint EPJ for the dental health service in stage 2, with storage of central data in a joint information storage system that is established in Stage 1. The two procurements will have clear interface to each other. The contracting authority will, in connection with the establishment of the joint information storage system, strive to make all relevant information available, so that suppliers who participate in the deliveries in stage 1 are not excluded from participating in stage 2. The procurement's value is estimated to: NOK 10,000,000 excluding VAT. The volume is an estimate and is not binding for the contracting authority. See the procurement documents for further information. The contracting authority reserves the right to cancel the competition, i.a. in connection with budgetary coverage.

ENVIRONMENT: This procurement is, in its nature, considered to have an immaterial impact on climate and the environment, cf. the regulations §7-9, fifth paragraph. The justification for this is that the procurement is for consultancy services/consultancy services where the contracting authority has been cut off from affecting climate and environmental impact, as the requirements and criteria that are aimed at these elements will not have sufficient connection to the delivery, cf. DFØ's environmental supervisor. APPRENTICE: The contracting authority has assessed the procurement against the apprentice regulations, cf. the Procurement Act § 7 and concluded that there is no requirement for apprentices in this procurement as disproportionately is considered, as there is a need for specialised competence that an apprentice cannot be expected to hold, cf. the apprentice regulation § 6 (4).

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: The competition will be held in accordance with the Public Procurement Act from 17 June 2016 no. 73 (LOA), with the accompanying regulations of 12 August 2016 no. 974 (FOA), as well as the provisions in this tender documentation. The competition will be held as TED - open tender contest in accordance with the regulations Parts I and III. All interested tenderers can submit tenders for this type of procedure. Negotiations are not allowed. The procurement is announced in the DOFFIN and TED database.
