Section II: Object of the contract

II.1. Description

II.1.1. Title

Acquisition of Helicopter Approach Light Systems for the Thetis Class.

II.1.2. Type of contract and place of performance or delivery

Supplies

Purchase

Main site or place of performance: Naval Base Frederikshavn, Flaadestationen 1, 9900

Frederikshavn, Denmark.

NUTS code DK050 Nordjylland

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

II.1.4. Short description of the contract or purchase(s)

The Danish Defence Acquisition and Logistics Organization (DALO) wishes to purchase Helicopter Approach Light Systems to replace the existing systems of the Thetis Class (THET-CL) as the 4 Ships will be rebuilt to fit the new helicopter type SEAHAWK along with the existing LYNX.

The new Helicopter Approach Light System shall assist the Pilot Guiding of the Helicopter

along a correct approach path towards the Ship and onto the deck. The system consists of deck light/eyeliners, stop/go lights, masthead strobe light, Helicopter In-Flight Refueling (HIFR) light, static horizontal bar, Glide slope/path Indicator(GSI/GPI) (gyro stabilized), Hangar Flood (working lights) and a control panel in the Flight Deck Officer (FDO) hut. The system shall be redundant controlled and all the lights shall be able to be dimmed from 0-100 % except fault /wave off light that must not be dimmed to 0. The described system is similar to the existing Helicopter light system on THET-CL.

The installation on the 1st ship is expected to start in June 2015, but documentation and requirements for preparation of foundations and cable installation are to be delivered no later than 2.3.2015 as cable installation and preparation of foundations is expected to be done by DALO or DALO representative (Yard). Further information is found in the tender documents.

The Helicopter Approach Light System, including installations and an initial spare parts package, will be procured on the basis of an Acquisition Contract. In addition, DALO wishes to enter into a Sustainment Contract with the successful tenderer allowing for the subsequent procurement of spare parts and repair services for the system throughout a period of up to 16-20 years, which is the expected life time for the System.

Please note that the information provided below in Sections II.2.3) and II.3) concerns the duration of the Acquisition Contract. As described, the Sustainment Contract is expected to have a longer duration.

II.1.5. CPV code(s)

31500000 Lighting equipment and electric lamps, 35520000 Parts for warships

II.1.6. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.2. Total value of the contract/lot

II.2.1. Total value of the contract/lot
