

317431-2026 - Result

Norway – Construction work – E24 Pumping stations and valve manholes 3 – The transfer plant (Kongshaugen treatment facility).

OJ S 89/2026 08/05/2026

Contract or concession award notice – standard regime

Works

1. Buyer

1.1. Buyer

Official name: Ålesund kommune v/Vatn og Avløp

Email: saffa.galal@inventura.no

Legal type of the buyer: Body governed by public law, controlled by a local authority

Activity of the contracting authority: General public services

Activity of the contracting entity: Water-related activities

2. Procedure

2.1. Procedure

Title: E24 Pumping stations and valve manholes 3 – The transfer plant (Kongshaugen treatment facility).

Description: The contracting authority and the builder are Ålesund municipality and Sula municipality. Ålesund municipality is the contract party. Ålesund municipality and Sula municipality cooperate through the project "BLÅ – fjords for the future", to construct a new sewage treatment plant at Kongshaugen (Kvasnes) in Sula municipality. The aims in the project are as follows: - Cleaner fjord system - Legal system for sewage water - Sustainable solution for the future. The new sewage treatment facility shall be built in rock and shall have sufficient treatment capacity to handle sewage water that shall be supplied from Sula municipality and Ålesund municipality. The facility is dimensioned for 69,000 person equivalents and it shall be designed as a secondary treatment facility. The new treatment facility shall replace seven existing treatment plants and some interceptors for sludge. The sewage water must therefore be pumped from the existing treatment plant to Kongshaugen via a comprehensive transfer system. The transfer facility will have approx. 34 km sewage pipelines and will contain 25 objects, including approx. 28 km submarine pipelines, 6 km pipelines over land, 3 valve houses/manholes and nine pump stations. The contract work for the construction of the transfer facility will be organised as nine parallel execution contracts. For a more detailed description of the other contracts see Part A - General part. The Builder shall now enter into contract with one contractor for the execution of contract E24 Pump stations and valve manholes 3, which is a part of the transfer facility to Kongshaugen reindeer treatment facility. The builder will enter into a contract that builds on the contract standard "NS 8405:2008 Norwegian Building and Construction Contract" for the execution.- Execution of ground and construction work at the following new pumping stations: 420 PA070 Sunde, 433 PA060 Hamnevik and 470 PA010 Langevåg.- Execution of ground and construction work at the following existing pumping station: 432 PA620 Flisnes.- Ground work, including refilling, road works/external place, foundation earth, water and sewage installations in the ground on site, cable trenches, green areas, etc. - Foundation and construction works, HVAC and electro. See the tender documentation part II for further information on the contents and extent of the procurement.

Procedure identifier: 264fc409-a41b-4b0c-b50b-261352c55e9b

Previous notice: d4422b68-f47c-438c-bd14-23da5d434377-01

Internal identifier: 87161

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: The Builder shall now enter into contract with one contractor for the execution of contract E24 Pump stations and valve manholes 3, which is a part of the transfer facility to Kongshaugen reindeer treatment facility.

2.1.1. Purpose

Main nature of the contract: Works

Main classification (cpv): 45000000 Construction work

Additional classification (cpv): 45232000 Ancillary works for pipelines and cables, 45232150 Works related to water-distribution pipelines, 45232152 Pumping station construction work, 45233300 Foundation work for highways, roads, streets and footpaths, 45262210 Foundation work

2.1.2. Place of performance

Country subdivision (NUTS): Møre og Romsdal (NO0A3)

Country: Norway

2.1.4. General information

Legal basis:

Directive 2014/25/EU

Forsyningsforskriften - This procurement will be carried out in accordance with the Act of 17 June 2016 no. 73 on public procurements (the Procurement Act) and regulation 12 August 2016 no. 975 on procurement rules in the supply sectors (the Supply Regulations). The procurement will be carried out as an open tender contest in accordance with the utilities regulations part I and part II, cf. § 9-1.

5.1.1. Purpose

Main nature of the contract: Works

Main classification (cpv): 45000000 Construction work

Additional classification (cpv): 45232000 Ancillary works for pipelines and cables, 45232150

Works related to water-distribution pipelines, 45232152 Pumping station construction work, 45233300 Foundation work for highways, roads, streets and footpaths, 45262210 Foundation work

5.1.2. Place of performance

Country subdivision (NUTS): Møre og Romsdal (NO0A3)

Country: Norway

5.1.6. General information

The procurement is covered by the Government Procurement Agreement (GPA): yes

5.1.15. Techniques

Framework agreement:

No framework agreement

Information about the dynamic purchasing system:

No dynamic purchase system

Electronic auction: no

5.1.16. Further information, mediation and review

Review organisation: Møre og Romsdal tingrett

Information about review deadlines: See applicable Norwegian law.

Organisation providing additional information about the procurement procedure: Inventura AS

6. Results

Value of all contracts awarded in this notice: 30 003 843,75 NOK

6.1. Result lot identifier: LOT-0000

Winner selection status: At least one winner was chosen.

6.1.2. Information about winners

Winner:

Official name: ACO ANLEGG AS

Subcontractors of the winner:

Official name: KAMO ENT. AS, MK BYGG AS, EVO TEKNIKK AS

Tender:

Tender identifier: ACO ANLEGG AS

Identifier of lot or group of lots: LOT-0000

Value of the tender: 30 003 843,75 NOK

The tender is a variant: no

Subcontracting: Yes

Subcontracting value is known: no

Subcontracting percentage is known: no

Contract information:

Identifier of the contract: 87161

Title: E24 - Contract - Pump stations and valve manholes 3 - Combined complete kontrakt_signert

Date of the conclusion of the contract: 06/05/2026

6.1.4. Statistical information**Summary of the review requests the buyer received:**

Number of complainants: 0

Received tenders or requests to participate:

Type of received submissions: Tenders

Number of tenders or requests to participate received: 3
