Legal type of the buyer: Body governed by public law, controlled by a local authority

Activity of the contracting authority: General public services

2. Procedure

2.1. Procedure

Title: Procurement - Consultancy services - Construction and Construction, 2025

Description: The objective of this procurement is to cover the contracting authority's need for consultancy services in construction and construction. The consultants shall contribute to developing projects within given quality, time and financial frames. The projects shall particularly emphasise quality, finances and social considerations (e.g. universal design, sustainability, environment and climate). The contracting authority will use strict professional responsibility for the execution of the work in this contract. All processes shall also be cost efficient and time efficient at the same time as providing services of high professional quality. This procurement is divided into 15 sub-contracts (hereafter also called trade categories). The contracting authority would like to enter into a framework agreement with up to 6-8 tenderers per sub-contract (parallel framework agreements), provided that there are a sufficient number of qualified tenderers.

5.1.10. Award criteria

Criterion:

Type: Price

Name: Price

Description: Orientation: In the cost calculation, the tenderer shall fill in the attached price form and submit it as an annex to the tender in Excel format. All fields in the attached price form marked with yellow shall be completed. See also other parts of the requirement specifications for information on the price form. Missing the price fields can cause difficulties in assessing the tender and the tender can then be rejected. Please note that abnormally low prices can result in the contracting authority having an obligation or a right to reject the tender, cf. the Public Procurement Regulations § 24-8. All prices are in NOK, excluding VAT, including all direct or indirect expenses and duties that could be incurred in connection with the delivery. Order fees and invoice fees are to be seen as expenses. The prices shall include all costs for the customer who is included in this competition, including the procurement commission, except that stated in the requirement specifications point "Travelling and Staying". Costs that the tenderer knows will apply, but that are not specifically stated in the tender, will be seen as included in the stated prices. Hourly rates in the price form can be regulated in accordance with the contract document's section "Price Adjustments". Evaluation: When assessing price, a hybrid model with break point 1 will be used. The attached template for the evaluation model is attached. The tenderer's total points for this award criteria is weighted with the award criteria's weighting percentage.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 60

Criterion:

Type: Quality

Name: Assignment comprehension/solution description

Description: Tenderers are asked to enclose their understanding of the assignment and a solution description, including how the tenderer, both in the general contract period and in each assignment, shall ensure; - that the customer will have high priority and good capacity /availability of resources/competence - flexibility and scalability as needed, - coordination and cooperation both internally, with the customer and any other involved parties, - good follow-up and communication with the customer/needs owner and contract manager, - quality and efficiency in the services provided, including planning and follow-up of progress and quality - that all involved resources at the tenderer have good knowledge of the customer and this agreement, - that deviation reporting and handling occurs continuously, efficiently and in a good way, the development and any improvement, including e.g. routines for collecting feedback from the customer. The response shall be maximum 3 A4 pages. The response shall not include a cover page or table of contents. Any pages after page 3 will not be evaluated. Any links etc. in the reply will not be evaluated. Abnormal fonts or sizes shall not be used that give poor readability - this can lead to draws in points. This award criteria will be assessed based on the tenderer's description of the award criteria. A total procurement assessment of the described system will be carried out during the evaluation. Best solution will be awarded the highest score (10). Other solutions will be awarded a point score relative to the best solution. The tenderer's total points for this award criteria is weighted with the award criteria's weighting percentage.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 40
