**Section II: Object**

---

**II.1. Scope of the procurement****II.1.1. Title**

Civil Work for Wind Farm Nørrekær Enge 2 (NKE2-Civil)

**II.1.2. Main CPV code**

45251160 Wind-power installation works

**II.1.3. Type of contract**

Works

**II.1.4. Short description**

Construction of infrastructure consisting of roads and hardstands for wind turbines at Nørrekær Enge. Nørrekær Enge is located south of Limfjorden and next to Næsborg and Kølby in the central part of Northern Jutland, Denmark. The proposed Nørrekær Enge wind farm development is a repowering project and the current site design consists of 36 new wind turbines.

#### **II.1.5. Estimated total value**

#### **II.1.6. Information about lots**

This contract is divided into lots: no

### **II.2. Description**

#### **II.2.2. Additional CPV code(s)**

45233120 Road construction works

#### **II.2.3. Place of performance**

NUTS code: DK05 Nordjylland

#### **II.2.4. Description of the procurement**

The site is an area of reasonably flat, open farmland.

New roads along the existing farm land boundaries must be constructed, so the individual wind turbine locations can be accessed by construction equipment and the turbine components.

The road layout is designed based on geotechnical survey and according to the requirement of the turbine supplier. For the erection and maintenance requirements at each wind turbine location a hardstand area in region of 1 500 m<sup>2</sup> will be required. For the new roads and hardstands there must be relocated existing field drainage and installed new drainage.

For 16 pcs. of the hardstands it is necessary to carry out pile foundation for the main crane.

There are expected 4 groups with 5 piles in each group to be expected 5 units. piles per hardness. On top of each pile group must be cast a reinforced concrete slab for the crane support legs.

The current layout includes ditch crossings, which will require piping that allows water to flow beneath the road.

According to enclosed preliminary contract time construction on site is expected to start first quarter 2020 and end fourth quarter 2020.

The work is offered in a total main contract.

The following work shall be carried out:

- excavation of mold,
- excavation for new roads and hardstands,
- construction of drainage for roads and hardstands,
- construction of roads and hardstands as gravel roads, these must be carried out with geo-reinforcement mesh,
- construction of asphalt on transition to public road,
- maintain of the roads in the installation period of the turbines,
- reestablish of selected areas back to farmland.

#### **II.2.5. Award criteria**

Criteria below

Price

#### **II.2.6. Estimated value**

#### **II.2.7.**

## **Duration of the contract, framework agreement or dynamic purchasing system**

Start: 01/03/2020 End: 31/03/2022

This contract is subject to renewal: no

### **II.2.9. Information about the limits on the number of candidates to be invited**

Envisaged number of candidates: 5  
Objective criteria for choosing the limited number of candidates:

5 applicants will be selected and invited to submit a tender, with the following objective criteria for choosing the limited number of candidates.

Criteria 1) the applicants must meet the minimum requirements:

1A) The applicant will be able to answer 'Yes' in the ESPD, Part V, and comply with the grounds for exclusion;

1B) The applicant meet the minimum HSE requirements for selection and therefore, in the opinion of the applicant, will be among the selectable applicants.

If more than 5 applicants meet the minimum requirements for selection, the employer will select 5 applicants based on an overall evaluation on the following criteria's:

Criteria 2) the best and most relevant:

2A) references going 7 years back in relation to the offered contract: and

2B) CV's on manager, safety coordinator and foreman level. CV's shall state references respectively qualification with similar or comparable tasks. By similar or comparable tasks, meant road construction and drainage work; and

2C) best and most sufficient capacity regarding employees, tool, machinery and/or technical equipment available to the contractor for carrying out the contract in time.

Criteria 3) the best economic/financial standing/capacity regarding:

3A) Turnover figures and its professional liability insurance, however the employer will not take notice of/evaluate annual turnover that is higher than twice the estimated contract value; and

3B) Its professional liability insurance.

In the evaluation of the 2 mentioned Criteria's 2) and 3), the employer will give more weight to Criteria 2) than 3).

### **II.2.10. Information about variants**

Variants will be accepted: no

### **II.2.11. Information about options**

Options: yes

Description of options:

The rotor pre-assembly area and the monopile guide frame area will be optional, since the need for these areas has not yet been finally established.

### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

### **II.2.14. Additional information**

If the order is assigned to a group of economic operators (e.g. a consortium), the members of the association shall assume joint and several liability, direct and unconditional liability and responsibility and appoint a joint agent.

## **Section III: Legal, economic, financial and technical information**

---

### **III.1. Conditions for participation**

### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Requirements relating to enrolment on professional or trade registers.

Regarding the compulsory and voluntary grounds for exclusion in the Procurement Act, § 135, 136 and 137, 1, number 1) and 2) the applicant must fulfil the ESPD Part II, III.A, Part III.B and Part III.C.

### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

In Part IV, B of the ESPD the applicant must provide information about the following:

- documentation for turnover in the areas of road construction, the applicant must provide financial statements that comprises the last 3 years. It will not be necessary to submit final documentation, if information is publicly available,
- if the applicant does not have financial statements that go back 3 years, then the applicant must provide as many years as possible together with a statement of the date of establishment of the applicant,
- as final documentation for liability insurance the applicant must provide copy of the insurance certificate.

If the applicant relies on the economical/financial capacity of other legal entities the applicant must prove in the application that the applicant has at his disposal the resources necessary for instance by providing documentation that the applicant can rely on the capacity of the other legal entity in this respect. A template for this documentation is found in the tender documents (002-1, Tender terms, Appendix 002-1.1). This documentation is considered final documentation.

Minimum level(s) of standards possibly required:

There must be no significant risk that the applicant will not be able to complete the task satisfactorily due to financial circumstances.

### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

In Part IV, C and D of the ESPD the applicant must provide information about the following:

- the applicant's (list of) references of 5 contracts similar or comparable to the contract that is out for tender, i.e. concerning road construction and drainage work, that have been completed by the applicant within the last 7 years before submission of the application. The information about the references must contain scope of contract, date of commencement and conclusion, contracting entity and contract value. In case the applicant has performed only a smaller part of the referred contract, this must be specified,
- if significant subcontractors are intended to be used for the solution, this is stated. In that case, their purpose is documented with references for similar tasks performed within the last 5 years,
- the applicant must list CV's on 5 persons (at the most, each of max. 3 pages in A4 size) regarding staff who are supposed to carry out the function as project manager, safety coordinator and/or foreman of the task,
- the applicant must list the relevant capacity regarding tool, machinery and/or technical equipment available to the contractor for carrying out the contract in time,
- the applicant must inform of the average number of staffs working in the field of road construction and drainage work of the applicant in the last 3 years.

Reference and CV's listed in the ESPD and optionally supplemented by reference an CV' sheets/appendices are considered as final documentation.

By Major subcontractors means:

— subcontractors whose services according to the offer amount to more than 15 % of the total contract price.

Minimum level(s) of standards possibly required:

It is a minimum requirement that the applicant achieve at the minimum point in the evaluation regarding HSE system stated in the requirements set out in document 004-1, HSE pre-qualification questionnaire.

### **III.2. Conditions related to the contract**

#### **III.2.2. Contract performance conditions**

Listed in the tender documents.

## **Section IV: Procedure**

---

### **IV.1. Description**

#### **IV.1.1. Type of procedure**

Restricted procedure

#### **IV.1.3. Information about a framework agreement or a dynamic purchasing system**

#### **IV.1.8. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: yes

### **IV.2. Administrative information**

#### **IV.2.2. Time limit for receipt of tenders or requests to participate**

Date: 09/08/2019 Local time: 16:00

#### **IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates**

#### **IV.2.4. Languages in which tenders or requests to participate may be submitted**

English

## **Section VI: Complementary information**

---
