IV.1. Description

IV.1.1. Type of procedure

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- The procurement falls outside the scope of application of the directive

Explanation:

The items are required to assist the contracting authority to respond to the impact of Covid-19 immediately, addressing the public health risks and disruption to services which would otherwise be incurred without them.

2) The Covid-19 pandemic is so novel that the extreme urgency of the situation was unforeseeable by the contracting authority. Ordinarily existing contractual arrangements and emergency stockpiles can be relied upon in such circumstances, however, in this case such provisions have proven insufficient to meet the scale of the additional demand for these items.

3) A procurement exercise to establish a new contractual arrangement would not be feasible given the time constraint, making it impossible to undertake a new procurement exercise or to access other commercial agreements.

IV.1.8. Information about the Government Procurement Agreement (GPA)
