2.1. Procedure

Title: Support to Eurostat in the domain of Purchasing Power Parities (PPP) for the implementation of price collections on consumer goods and construction and for further development of the database and related tools

Description: The production of PPP is a multilateral exercise involving the NSIs of the participating countries and Eurostat, operating under the framework of the European Comparison Programme (ECP). Eurostat plays an important role in this process by coordinating with the statisticians and data experts from various countries. Eurostat's work involves collecting, harmonising and analysing data to ensure consistency and comparability across countries.
