**II.1.3. Information about framework agreement****II.1.4. Short description of the contract or purchase(s)**

DMFA wishes to enter into a contract regarding the implementation, operation, maintenance etc. of a global Wide Area Network (WAN) solution. The scope of the contract is to replace an existing WAN infrastructure and subsequently handle all aspects of operations on the

delivered WAN infrastructure.

The delivery must include the following main components:

- implementation,
- testing,
- operation and maintenance, including support,
- technical support,
- project management,
- relevant courses.

The WAN will cover approximately 90 locations around the world. The approximate distribution of existing WAN connections is as follows: 39 pct. in Europe, 33 pct. in Asia, 14 pct. in North- and South America, and 14 pct. in Africa.

It is important that a supplier can deliver communication lines on all Danish embassies and consulates worldwide (see <http://um.dk/en/about-us/organisation/find-us-abroad> for a list of current missions).

The WAN must provide stable and transparent IP communication between the missions and the Ministry in Copenhagen, based on a variety of access technologies.

The bandwidth for the missions is expected to be between 8 and 100 Mbps — in average about 18 Mbps. The average bandwidth is expected to increase to about 45 Mbps at the end of contract period. The bandwidth for the Ministry is expected to initially be 1 Gbps and to increase to about 2.5 Gbps over the contract period.

DMFA assigns great weight to a WAN solution with a high bandwidth and low latency in the network. Hence, an offer based on satellite communication (VSAT) will not be preferred.

DMFA will prefer a supplier with global representation, and offices in all regions worldwide. Furthermore it is a requirement that the supplier offers 24/7/365 support for the entire WAN infrastructure.

Subsequent to the implementation of the WAN, DMFA intends to implement an SD-WAN infrastructure to handle secure communication between missions. DMFA will be responsible for all aspects of the SD-WAN infrastructure.

### **VI.3.2. Review procedure**

Precise information on deadline(s) for review procedures: Pursuant to Section 3 of the Danish Consolidation Act n° 593 of 2.6.2016 on the Complaints board for public procurement with subsequent amendments (available at [www.retsinformation.dk](http://www.retsinformation.dk)), the following time limits for filing a complaint apply:

Complaints regarding a candidate not being pre-qualified must be filed with The Complaints board for public procurement within 20 calendar days starting the day after the Contracting Authority has sent notification to the candidates involved, cf. § 7(1) of the Danish Act on The Complaints board for public procurement provided that the notification includes a short account of the relevant reasons for the decision.

Other complaints must be filed with The Complaints board for public procurement within:

- 1) 45 calendar days after the Contracting Authority has published a contract award notice in the Official Journal of the European Union (with effect from the day following the publication date).
- 2) 30 calendar days starting the day after the Contracting Authority has informed the tenderers in question, that the Contracting Authority has entered into a contract based on a Framework Agreement through reopening of competition or a dynamic purchasing system, provided that the notification includes a short account of the relevant reasons for the decision.
- 3) 6 months starting the day after the Contracting Authority has sent notification to the candidates/tenderers involved that the Contracting Authority has entered into the Framework Agreement, provided that the notification included a short account of the relevant reasons for the decision.
- 4) 20 calendar days starting the day after the contracting authority has published a notice concerning his decision to uphold the contract, cf. the principle in § 185(2) of the Danish act on Public Procurement (act n° 1564 of 15.12.2015 – available at ([available at www.retsinformation.dk](http://www.retsinformation.dk))).

The complainant must inform the Contracting Authority of the complaint in writing at the latest simultaneously with the lodge of the complaint to The Complaints board for public procurement stating whether the complaint has been lodged in the stand-still period, cf. § 6(4) of the act on The Complaints board for public procurement. If the complaint has not been lodged in the stand-still period, the complainant must also state whether it is requested that the appeal is granted delaying effect, cf. § 12(1) of the said act.

The e-mail of The Complaints board for public procurement is stated in section VI.4.1.

The Complaints board for public procurement's own guidance note concerning complaints is available at the internet address stated in section VI.4.1.
