II.2. Scope of the procurement

II.2.1. Total quantity or scope

Background:

Agder Energi Nett (AEN) as the area concessionaire for Agder has an obligation to implement Advanced Metering Systems (AMS) in accordance with the regulations "FOR 1999-03-11 nr 301: Regulations for metering, settlement and concerted practices for energy sales and invoicing of network services". Deadline for the installation of AMS is 1.1.2019. The industry has previously estimated the total cost for Norwegian electricity network companies to be approximately 5 000 000 000 NOK. New estimates suggest that the costs will be much higher, up to the area of 10 000 000 000 NOK in total for Norway. (This figure includes the electricity network companies internal costs). The estimated value for this acquisition is estimated to be about half of the estimates for AEN, and will be in the area of 175-350 000 000 NOK. The quantity for the total scope includes partial deliveries and all options. The values given below include total scope throughout the entire contract period. See the attached document for more detailed information.

Estimated value excluding VAT:

Range: between 175 000 000 and 350 000 000 NOK
